The beautiful Lompoc Valley Center is located at the north end of the city of Lompoc at the intersection of Highway 1 and H Street. Situated on 23 acres of a picturesque 156-acre setting, the seven year old, \$21.7 million center has three main buildings and a utility structure totaling more than 58,000 square feet. The center, which opened in March 1999, features a contemporary design that embraces the natural character of the site through design and placement of the buildings.
