## Registered Nursing

The registered nursing (RN) program, fully accredited by the California Board of Registered Nursing, is a two-semester program offered every year starting in the spring semester. The program includes both classroom study and supervised clinical practice. Clinical practice takes place in our labs, local hospitals, and medical care facilities.

## Application Information

**The RN Nursing Application Period is available from June 1 - July 31 (dates are subject to change)**

California licensed vocational nurses (LVN) and graduates from accredited vocational nursing programs are eligible to apply upon completion of Allan Hancock College program prerequisites. The LVN-to-RN program is specifically designed to provide our current AHC LVN's with an opportunity for career advancement and prepares the LVN for the additional responsibilities required of the registered nurse. If accepted into the program, you must comply with background checks and drug screening required by clinical agencies.

In addition, the program has a 30-unit certificate option, completion of which qualifies the successful graduate to take the RN licensing examination. If you choose to pursue the 30-unit certificate option you would NOT be a graduate of the Allan Hancock Nursing Program or of the college. Applicants to this curriculum alternative must meet with the Associate Degree of Nursing program director for advisement.

The applications are by mail and must be postmarked by last day of application period to be eligible. Incomplete applications will not be accepted. Status letters are mailed out on the date specified in the application. **(Note: Information regarding the status of an application will not be provided over the phone or email).**

### Prerequisite Information

RN program applicants must have fulfilled the following eligibility requirements before the application deadline:

- Students must be a high school graduate or equivalent
- Possess a current, valid, and unencumbered California

### Apply

**The RN Nursing Application Period is available from June 1 - July 31 (dates are subject to change)**
