

Academic Policy & Planning Committee Agenda

Thursday, Sep 17, 2026, 2:00 PM

Location: Bldg A. Board Room.

VOTING MEMBERS (15)

Applied Behavioral Sciences – Christine Bisson
 Business – Brent Darwin
 Counseling – Ricardo Navarette
 English – Trevor Passage
 Fine Arts – Shane Anderson
 Kinesiology, Rec & Athletics – Patricia Koivisto
 Health Sciences – Leanne Wolfram
 Industrial Technology – Hector Ramos Martinez

Academic/Student Affairs – Kerry Runkle
 Languages & Communication – Andria Perdue Keiser
 Life and Physical Sciences – Brian Youngblood
 Mathematics Sciences – Chris Eachus
 Public Safety – Kurt Kruse
 Social & Behavioral Sciences – Lexy Conrad
 Student Representative – vacant

NON-VOTING MEMBERS

Chair - Larry Manalo Jr.
 Vice/TRC Chair - Andria Perdue Keiser
 Articulation - Ben Britten
 VP, Academic Affairs – Robert Curry
 Admissions & Records – Josie Cabanas
 Transcript Evaluation - Luis Martinez Polanco
 Noncredit Education – Andria Perdue Keiser
 Curriculum Analyst – Vicky Smith
 Curriculum Technician – Jay Taylor-Burns
 Library – Trevor Passage

STANDING INVITEES

Dean, Academic Affairs – Thomas Lamica
 Dean, Academic Affairs – Sean Abel
 Dean, Academic Affairs – Mary Patrick
 Dean, Matriculation/Counseling – Yvonne Teniente
 Dean, Academic Affairs – Alicia Paniagua
 Dean, Academic Affairs – Deborah Pirman

Dean, Academic Affairs – Monica Millard
 Associate Dean/Athletic Director – Kim Ensing
 Associate Dean/PCPA Director – Mark Booher
 ASE – Ana Gomez De Torres
 Schedule – Ricardo Lopez
 Distance Education – Fred Patrick
 Part-Time Faculty Union –

GUESTS

Thesa Roepke
 David DeGroot
 Meagan Selby

I. Agenda item: Approval of Sep 17, 2026 minutes.

II. Approval of the Agenda. Approval of the Oct 1, 2026 agenda. Include typographical corrections and sequence changes to accommodate guest presenters.

III. Chair Comments

- Summary Report. Oct 1, 2026. Senate: Oct 13, 2026. BOT: Nov 17, 2026.
- Technical Review Committee, faculty, departments, and deans.
- Impact reports and course proposals. APPC action and summary reports.
- Cross-listed courses. Missing Cross-listed proposals.
- Mirrored courses and credit for prior learning. Impact on CSU transfer. Use of CBE for UC transfer.
- Impact of PHYS 161 on programs.
- Future agenda items.

IV. Agenda Item: Consent Items

Deactivate Credit Courses

Prefix & Number	Course Title	Units
FT 319	Emergency Response to Terrorism Justification: Keep the cross-list course, EMS 319. Program Impact: Add/Modify Credit Program Map-Certificate of Achievement *Active* Emergency Medical Services	3.0
HUSV 102	Case Management Skills	3.0
HUSV 103	Basic Counseling Skills Justification: Match PSY128.	3.0
HUSV 127	Emotional Intelligence Justification: Match PSY127.	3.0
HUSV 128	Positive Psychology	3.0

	Justification: Match PSY128.	
--	------------------------------	--

Deactivate Noncredit Courses

Prefix & Number	Course Title	Hours
OLDR 7201B	Jewelry, Sculpture, and Repousse	?
OLDR 7202B	Expressions in Colored Pencil	?
OLDR 7203B	Creative Illustration	?
OLDR 7206A	Tole Painting	?
OLDR 7206B	Tole Painting	?
OLDR 7210B	Ukrainian Egg Art	?
OLDR 7212B	Watercolor Painting	?

Change Text

Prefix & Number	Course Title	Hours
ES 105	Race and Ethnicity in Fashion	3.0

V. Agenda Item: Standard Attendance Accounting Method Compliance

Prefix & Number	Course Title	Units
ART 107	Introduction to Digital Art Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 108 Pending GRPH 108	Design 1 on the Computer Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units. DE All modalities.	3.0
ART 110	Design 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 112	Design Color Theory Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 113	Three-Dimensional Design Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 120	Drawing 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 121	Drawing 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units).	3.0

	No change in total number of units.	
ART 122	Life Drawing 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 123	Life Drawing 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 124	Mixed Media 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 144	Mixed Media 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 151	Painting 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 152	Painting 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 153	Painting 3 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 160	Ceramics 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 161	Ceramics 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 162	Ceramics 3 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 163	Ceramics Workshop Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 164	Sculpture 1 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0

ART 165	Sculpture 2 Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
ART 166	Raku and Alternative Firings Lecture hours: 0.83 hours to 1 hour. (0 units to 1 unit) Lab hours: 1.83 hours to 3 hours. (0.5 unit to 1 unit). No change in total number of units.	2.0
FILM 104	Documentary Studies Lecture hours: 2.5 hours to 2.5 hours. (no change: 2.5 units) Lab hours: 2.5 hours to 1.5 hours. (0.5 unit to 0.5 units). No change in total number of units. Modifications: Hours and units SAAM aligned. Update text.	3.0
GRPH 110 Pending	Introduction to Graphic Design Lecture hours: 2.5 hours to 2 hours. (2 units) Lab hours: 1.5 hours to 3 hours. (1 unit). No change in total number of units. DE All modalities.	3.0
GRPH 112 Pending	Digital Imagery Lecture hours: 2 hours to 1.5 hours. (1.5 units) Lab hours: 4 hours to 4.5 hours. (1.5 units). DE All modalities.	3.0
GRPH 113 Pending	Digital Illustration Lecture hours: 2 hours to 1.5 hours. (1.5 units) Lab hours: 4 hours to 4.5 hours. (1.5 units).	3.0
GRPH 115 Pending	Digital Design and Publishing Lecture hours: 2 hours to 1.5 hours. (1.5 units) Lab hours: 4 hours to 4.5 hours. (1.5 units). DE All modalities. Preferred face-to-face.	3.0
GRPH 117 Pending	Typography Lecture hours: 2.5 hours to 2 hours. (2 units) Lab hours: 1.5 hours to 3 hours. (1 unit). DE All modalities.	3.0
GRPH 129 Pending	Introduction to Digital Media Tools Old: Digital Tools for Visual Media Lecture hours: 2 hours to 2 hours. (2 units) Lab hours: 4 hours to 3 hours. (1 unit) Program Impact: Program Requirements 1. Modify Credit Program-Associate in Arts *Active* Liberal Arts: Arts and Humanities 2. Add/Modify Credit Program Map-Certificate of Achievement *Active* Media Arts: Visual Design 3. Add/Modify Credit Program Map-Certificate of Achievement *Active* Media Arts: Web Design 4. Modify Credit Program-Certificate of Achievement *Draft* Media Arts: Visual Design Program Map	3.0

	1. This course is incorporated into the following program(s): New Credit Program-Certificate of Achievement (16+ units) *Active* Multimedia Foundation 2. New Credit Program-Certificate of Achievement (16+ units) *Active* Multimedia 3. Course Block Library- *Active* Core Elective - Graphic Design (AS: CSU) 4. Course Block Library- *Active* Cal-GETC Elective 7. Add/Modify Credit Program Map-Certificate of Achievement *Active* Media Arts: Visual Design 8. Add/Modify Credit Program Map-Associate in Science *Active* Media Arts: Multimedia Modify Credit Program-Certificate of Achievement *Draft* Media Arts: Visual Design	
MUS 111	Music Theory 1 Lecture hours: 4 hours to 3 hours. (4 units to 3 units) Lab hours: 0 hours to 3 hours. (0 unit to 1 unit). No change in total number of units.	4.0
MUS 112	Music Theory 2 Lecture hours: 4 hours to 3 hours. (4 units to 3 units) Lab hours: 0 hours to 3 hours. (0 unit to 1 unit). No change in total number of units.	4.0
MUS 113	Music Theory 3 Lecture hours: 4 hours to 3 hours. (4 units to 3 units) Lab hours: 0 hours to 3 hours. (0 unit to 1 unit). No change in total number of units.	4.0
MUS 114	Music Theory 4 Lecture hours: 4 hours to 3 hours. (4 units to 3 units) Lab hours: 0 hours to 3 hours. (0 unit to 1 unit). No change in total number of units.	4.0
MUS 128	Piano 1 Lecture hours: 0.5 hour to 0 hour. (0.5 units to 0 unit) Lab hours: 1.5 hours to 3 hours. (0.5 unit to 1 unit). No change in total number of units.	1.0
MUS 120	Piano 2 Lecture hours: 0.5 hour to 0 hour. (0.5 units to 0 unit) Lab hours: 1.5 hours to 3 hours. (0.5 unit to 1 unit). No change in total number of units.	1.0
MUS 121	Piano 3 Lecture hours: 0.5 hour to 0 hour. (0.5 units to 0 unit) Lab hours: 1.5 hours to 3 hours. (0.5 unit to 1 unit). No change in total number of units.	1.0
MUS 122	Piano 4 Lecture hours: 0.5 hour to 0 hour. (0.5 units to 0 unit) Lab hours: 1.5 hours to 3 hours. (0.5 unit to 1 unit). No change in total number of units.	1.0
MUS 125	Beginning Guitar Lecture hours: 0.5 hours to 0 hours (0 unit).	1.0

	Lab hours: 2.5 hours to 3 hours (1 unit). No change in total number of units. Modification: Update catalog description for gender neutrality.	
MUS 130	Mixed Ensemble Lecture hours: 0.5 hours to 1 hour. (0.5 unit to 1 unit) Lab hours: 2.75 hours to 1.5 hours. (0.5 unit to 0.5 units). No change in total number of units.	1.5
PHTO 110	Basic Photography Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 4 hours to 4.5 hours. (1 unit to 1.5 units). No change in total number of units.	3.0
PHTO 150	Introduction to Commercial Photography Lecture hours: 2 hours to 1 hour. (2 units to 1 unit) Lab hours: 2 hours to 3 hours. (0 unit to 1 unit). No change in total number of units.	2.0
PHTO 151	Portrait Photography Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 1 hour to 3 hours. (0 unit to 1 unit). No change in total number of units.	2.0
PHTO 152	Introduction to Drone Piloting and Imaging Modifications: Change title, learning outcomes, and semester offering from spring to fall. Adjust hours and units. Mirrored Course: PHTN 7152. Lecture hours: 2 hours to 1 hour. (2 units to 1 unit) Lab hours: 1 hour to 3 hours. (0 unit to 1 unit). No change in total number of units.	2.0
PHYS 161	Engineering Physics 1 Lecture hours: 2 hours. (2 units) Lab hours: 6 hours (2 units)	4.0

VI. Agenda Item: First Readings

New Credit Courses

Prefix & Number	Course Title	Units
AERO 100	Employability and Workplace Success Skills Justification: Employers consistently identify communication, teamwork, critical thinking, adaptability, professionalism, and digital literacy as essential workplace competencies. This course provides students from all disciplines with structured opportunities to assess, practice, and demonstrate these transferable skills. It supports students preparing to enter employment, advance in their current careers, participate in internships or work-based learning, or transitioning into further education and training. AHC GE 7 Living Skills Need to complete the AHC GE Guiding Principles.	1.0
AERO 101	Introduction to the Aerospace Industry Justification: This course is part of the upcoming proposed Aerospace certificate and degree program. AHC GE 4A Social and Behavioral Sciences Need to complete the AHC GE Guiding Principles.	3.0

	DE All modalities.	
AERO 102	Aerospace Materials and Processes Justification: This is a new course to support the Aerospace Technician program as part of the Space Vandenberg Works Program REACH grant.	4.0
EMS 101	Emergency Medical Responder (EMR) Justification: The creation, renumbering, and sequencing of EMS 101 mark a strategic restructuring of Allan Hancock College's EMS curriculum, driven by program reviews, advisory recommendations, workforce demand, and national certification standards. This update replaces a confusing course structure with a clear, scaffolded pathway that begins with EMS 101 (Emergency Medical Responder) before progressing into the EMT sequences. Advisory Committee members, including regional fire departments, ambulance providers, and healthcare partners, strongly supported the change to better prepare graduates for current workforce and clinical expectations. DE All modalities.	3.0
EMS 104	Medical Terminology & Documentation for EMS Providers Justification: As above. DE All modalities.	3.0
EMS 190	Foundations of EMS Leadership and Organizational Behavior Justification: EMS 190 was created to fill a critical curriculum gap by providing formal instruction in leadership, team dynamics, conflict resolution, and organizational behavior within emergency services. Although EMS professionals are often thrust into leadership roles, traditional training focuses almost exclusively on technical and clinical skills rather than administrative or supervisory preparation. This course directly addresses regional employer needs by equipping students with transferable leadership tools that enhance workforce retention, interdisciplinary cooperation, and high-quality, patient-centered care. DE All modalities.	3.0
EMS 318	Risk Mitigation and Public Health Emergency Planning Justification: The addition of EMS 318 addresses a critical gap in Allan Hancock College's curriculum by providing formal instruction in risk assessment, hazard mitigation, and community resilience before emergencies occur. Spurred by regional feedback and local threats such as wildfires, extreme weather, and infrastructure disruptions, the course teaches students to apply FEMA frameworks, build emergency plans, and coordinate multi-agency responses. Ultimately, the program equips emergency, public health, and safety personnel to better serve regional employers and strengthen community capacity to protect vulnerable populations and maintain essential services. DE All modalities.	3.0
EMS 330	Introduction to Emergency Medical Services Pre-academy LOE: Admittance to the program. The student must complete the competitive selection process including application, oral panel interview, and final selection. Advisory: Requires students to provide a medical clearance for physical activities prior to class start date. Medical clearance forms can be downloaded on the Allan Hancock College EMS Programs website.	1.0
EMS 331	Emergency Medical Services Phase 1 Prerequisite: EMS 330	9.0

	LOE: Admittance to the program requires completion of the EMT Academy competitive selection process including application, oral panel interview, and final selection. Successful completion of EMS 330. Justification As above.	
EMS 332	Emergency Medical Services Phase 2 Prerequisite: EMS 331 LOE: Admittance to the program requires completion of the EMT Academy competitive selection process including application, oral panel interview, and final selection. Successful completion of EMS 330 and EMS 331. Justification As above.	9.0
EMS 334 Pending	Emergency Medical Technician Healthcare Professions Justification: Allan Hancock College restructured its Emergency Medical Services curriculum by creating and renumbering the EMS 330-series (330, 331, 332, and 334) to align with updated national standards, program reviews, and workforce demand. The new course sequence resolves past student confusion by establishing a clear, scaffolded pathway that transitions from preparatory coursework like EMS 330 into the core EMT Academy. Backed strongly by the EMS Advisory Committee and regional healthcare and emergency partners, this revision ensures graduates meet modern academic, clinical, and professional expectations. DE All modalities.	10
EMS 380	Tactical Emergency Medical Support (TEMS)	3.0
EMS 391 Pending	Governance, Risk, Compliance, and Quality in EMS Leadership Justification: Part of leadership sequence launching in Fall 2027 bridges critical training gap between frontline clinical practice and administrative leadership. Designed for current and aspiring emergency services leaders, the course equips students with practical skills in organizational governance, regulatory compliance, risk management, and continuous quality improvement. Ultimately, this curriculum supports career advancement, meets employer workforce needs, and delivers safer, more equitable, and transparent emergency medical services to diverse local communities. DE All modalities.	3.0
EMS 392 Pending	Strategic Planning and Systems Leadership in EMS Justification: The course addresses a key educational gap by providing EMS professionals with formal training in strategic planning and systems-level leadership rather than relying solely on clinical experience. Serving as the final component in a three-course leadership sequence, the course requires students to integrate foundational knowledge, governance, and compliance skills into high-level organizational strategy, interagency collaboration, and performance evaluation. Ultimately, EMS 392 supports student career advancement, fulfills employer operational needs, and ensures Central Coast communities receive responsive, equitable, and financially responsible emergency services. DE All modalities.	3.0
FCS 330	Personal Finance Justification: The course will provide students with practical knowledge and skills in budgeting, banking, credit, taxes, saving, investing, insurance, consumer protection, education and career planning, and other financial decisions they will encounter in their lives. It will promote financial well-being, informed	3.0

	decision-making, and equitable access to essential financial education for students in the college's service area.	
FASH 111	Basic Flat Pattern Justification: This course strengthens the Fashion Studies curriculum by introducing foundational skills in flat pattern making, pattern manipulation, garment fit, and apparel construction. Developed through curriculum review, advisory board feedback, and program planning, it aligns coursework with transfer pathways, industry expectations, and comparable lower-division courses at four-year institutions. As part of the Fashion Design and Production Certificate of Achievement, the course creates a more complete sequence for students pursuing apparel design, pattern making, garment construction, technical design, and product development. Through hands-on practice, students will draft pattern blocks, manipulate darts, add seam allowances and markings, evaluate and correct fit, and construct samples or muslins. These skills support entry-level employment, entrepreneurship, and continued study while responding to local demand for advanced fashion design and apparel production coursework beyond beginning sewing.	3.0
FASH 112	CAD for Pattern Making Justification: CAD for Patternmaking will strengthen the Fashion Studies curriculum by aligning it with current digital practices in apparel design, product development, technical design, and production. The course gives students hands-on experience with CAD-based pattern creation and revision, grading, prototype development, and technical documentation before employment or transfer. It bridges traditional flat pattern making with contemporary digital tools while teaching students to evaluate fit, apply seam allowances and markings, and prepare pattern files and technical package materials. These practical skills support careers and transfer pathways in fashion design, technical design, product development, apparel production, costume, and related fields while addressing employer and community needs. By combining lectures with supervised lab practice, the course advances the program's goal of preparing students with the creative and technical abilities needed in the evolving fashion and apparel industry.	3.0
FASH 199	Special Projects New course proposal for FASH 199 Special Projects. This course outline, including catalog description, objectives, content, assignments, methods of instruction, and methods of evaluation, is being created as a new stand-alone course.	1-6
FILM 153 / PHTO 153	Drone Photography and Videography Justification: This program addition is being made in response to the successful initial offering of PHTO 152: Introduction to Drone Piloting in 2025–26, as well as recommendations from the Media Arts advisory committee and Dean to expand curricular opportunities in emerging imaging technologies. Student interest and strong participation in the first offering, demonstrated a need for additional drone-focused instruction and pathways that build practical, career-relevant skills. Expanding the drone curriculum will help meet workforce and community needs for trained, safety-conscious drone pilots across photography, video production, architecture, real estate, biology, agriculture, cybersecurity, administration of justice, police departments, fire departments, and related	3.0

	fields. The course will help prepare students for the FAA Part 107 knowledge exam, which is required for individuals seeking Remote Pilot certification to operate drones commercially. It will also develop transferable technical, visual, operational, safety, and regulatory knowledge that supports employment opportunities and responds to the increasing use of unmanned aircraft systems across public and private-sector industries. Include: "The course is not open to those who are currently enrolled or successful completed FILM 153/PHTO 153."	
HUSV 109	Case Management and Counseling Skills Justification: The existing courses distribute foundational content over an extended timeline, resulting in minimal depth and reduced academic rigor. When offered independently, each course presents basic concepts without sufficient integration or opportunity for students to develop higher-order competencies. This separation limits coherence across learning outcomes and has led to decreased engagement among students and faculty. Merging the two courses will consolidate overlapping materials, eliminate redundancy, and provide a more robust and cohesive curriculum structure. The combined course will support clearer alignment with program outcomes, strengthen conceptual continuity, and enhance students' ability to engage in critical thinking, applied learning, and skills-based practice. This integration will ultimately improve instructional efficiency to ensure that students receive comprehensive and developmentally appropriate learning experience. • Replaces HUSV 102 and HUSV 103. • Need to complete the AHC GE Guiding Principles.	3.0
HUSV 180	Social Work and Human Services Practicum C-ID Descriptor: Social Work and Human Services Fieldwork (SWHS 120B) Dangling hours. Prerequisite: HUSV 100 Corequisite: HUSV 181 Justification: The course is required as part of the AS-T Social Work and Human Services Degree.	2.0
HUSV 181	Social Work and Human Services Practicum Seminar C-ID Descriptor: Social Work and Human Services Seminar (SWHS 120A) Prerequisite: HUSV 100 Corequisite: HUSV 180 All prerequisite courses must be successfully completed with a C or better. Cross-listed courses: HUSV 121, HUSV 181, and HUSV 191.	2.0
HUSV 190	Human Services: Wellness Coach Practicum Dangling hours. Prerequisite: PSY C1000, CDEV C1000, HUSV 100, HUSV 101, HUSV 107, HUSV 109, HUSV 135, HED 100. Corequisite: HUSV 191. Students must also be enrolled in HUSV 191: Human Services: General Practicum (seminar). All prerequisite courses must be successfully completed with a C or better. Program: AS Certified Wellness Coach	2.0
HUSV 191	Human Services: Wellness Coach Practicum Seminar Prerequisite: HUSV 100, HUSV 101, HUSV 109, HUSV 107, HUSV 135, HED 100, PSYC C1000, PSY C1000 Corequisite: HUSV 190	2.0

	Cross-listed courses: HUSV 121, HUSV 181, and HUSV 191.	
--	---	--

New Noncredit Course

Prefix & Number	Course Title	Hours
BARB 7001	Barbering 1 DE All modalities	250-280
BARB 7003	Barbering 2 DE All modalities	250-280
BASK 7351	Integrated Math 1 Justification: Summer offering only.	35-55
BASK 7354	Integrated Math 2 Justification: A new course offered through Community Education for students to meet their math high school graduation requirement for the Santa Maria Joint Union High School District.	35-55
BASK 7357	Integrated Math 3 Justification: As above.	35-55
BASK 7361	Biology: The Living Earth Justification: Summer offering only.	35-55
BASK 7364	Chemistry in the Earth System Justification: Summer offering only. Program Impact: Secondary Education. Cert of Competency.	35-55
BASK 7367	Physics of the Universe Justification: Summer offering only.	35-55
BASK 7371	Modern World History Justification: A new course offered through Community Education for students to meet their math high school graduation requirement for the Santa Maria Joint Union High School District.	35-55
BASK 7374	United States History Justification: Meet their history/social science high school graduation requirement for the Santa Maria Joint Union High School District.	35-55
BASK 7381	English 1 Justification: This course is being modified to create high school courses for credit recovery in partnership with the local school district.	35-55
BASK 7384	English 2 Justification: As above.	35-55
BASK 7387	English 3 Justification: Summer offerings only.	35-55
EMSN 7400 Pending	EMT Psychomotor Skills Refresher and Verification Justification: Driven by regulatory requirements under Title 22, EMSN 7400 establishes a reliable, college-based pathway for California-certified EMTs to complete their mandatory psychomotor skills competency verification. The course provides supervised practice and standardized evaluation using state-approved skill sheets, giving successful participants the official documentation needed to maintain certification eligibility. Delivered in a noncredit format, it eliminates unnecessary financial and academic barriers to support regional workforce needs and ensure consistent, high-quality patient care in the community.	4-8
EMSN 7401	EMT Refresher	40-44

Pending	Justification: EMSN 7401 is proposed to fulfill state and national recertification requirements by providing a 40-hour noncredit refresher course for Allan Hancock College graduates and regional emergency medical personnel. By offering a centralized, affordable local option, the course eliminates the need for EMTs to gather continuing education hours across multiple providers, reducing cost and scheduling barriers. While completion fulfills mandatory education hours to support clinical readiness and workforce retention, students must still independently complete remaining certification requirements such as CPR and psychomotor skills verification. DE All modalities.	
EMSN 7402 Pending	Paramedic Refresher DE All modalities.	60-64
PHTN 7152	Introduction to Drone Piloting and Imaging Mirrored Course: PHTO 152 CPL Opportunity.	64-72

Modify Credit Courses

Prefix & Number	Course Title	Units
EMS 102	Emergency Preparedness & First Response Justification: The course addresses a growing need for accessible lifesaving education, driven by program review findings, student interest, and community preparedness demands. The course combines AHA CPR/AED training, basic First Aid, Stop the Bleed, and CERT concepts into a comprehensive introductory class that equips students with practical skills and prepares them for further study in public safety and healthcare fields. Ultimately, it strengthens community resilience and employers' needs by training individuals to take vital bystander action during medical emergencies and natural disasters before professional first responders arrive.	3.5
EMS 130	Principles of Emergency Management Justification: The course is updated to address regional workforce demands, program review recommendations, and advisory feedback across public safety, healthcare, and emergency services fields. Grounded in current FEMA curriculum standards, the course equips students with core competencies in hazard identification, risk assessment, disaster response, and interagency coordination. Ultimately, this foundational knowledge prepares students for academic and career advancement while strengthening Allan Hancock College's capacity to build disaster-resilient communities.	3.0
EMS 306	AHA BLS Provider CPR Initial Provider Course Justification: The course revision aligns with the latest 2025 American Heart Association guidelines for CPR and Emergency Cardiovascular Care. It provides essential, standardized CPR and resuscitation training required for entry and advancement in various healthcare, public safety, and emergency service programs. Ultimately, these updates ensure students gain current, professionally recognized certification to support their academic readiness, career progression, and community emergency response capabilities.	0.5
EMS 307	Wilderness EMS, Survival, and Land Navigation Modification: Update course outline.	3.0
EMS 319	Emergency Response to Disaster and Terrorism	3.0

	Modifications: Uncross-listed from FT 319. Deactivate FT 319. Change course title, ours, DE status and addendums, SLO, objectives, content, and DE features. DE All modalities.	
EMSP 300 Pending	Anatomy & Physiology for EMS Providers Modification: Update course. DE All modalities.	3.0
EMSP 301	Introduction to ECG Rhythm Analysis and Interpretation for EMS Providers Justification: This is a critical course for EMS providers to prepare them for entry into an advanced healthcare or EMS program.	3.0
EMSP 302 Pending	Introduction to Pharmacology for EMS Providers DE Sync only	3.0
EMSP 304	Medical Mathematics for EMS Providers Justification: This is a critical course for EMS providers to prepare them for entry into an advanced healthcare or EMS program.	1.0
ENGL C1000E	Academic Reading and Writing Modification: Add prerequisite language. Prerequisite: Placement as determined by the college's multiple measures assessment process.	6.0
HIST C1001 Pending	United States History to 1877 Justification: CCN Update.	3.0
HIST C1002 Pending	United States History Since to 1865 Justification: CCN Update.	3.0
HUSV 121	Human Services (General) Practicum Seminar Justification: Current course needs to be updated and aligned with newly proposed cross-listed courses HUSV 181 and HUSV 191 . The courses also needed review and updating. The new course addition is based on Human Services program review findings, advisory committee input, and student interest in career pathways related to social work, behavioral health, and wellness. Adding this course will support the creation of a new Certified Wellness Coach Certificate, meeting both student demand and regional employer needs for culturally responsive, ethically grounded professionals trained to work with diverse populations in community and wellness settings. All prerequisite courses must be successfully completed with a "C" or better.	2.0
HUSV 131	Substance Abuse and Treatment Studies Practicum Seminar Justification: As above.	2.0
HUSV 141	Co-occurring Disorder Practicum Seminar Justification: As above.	2.0
MMAC 101	Introduction to Multimedia Modifications: Update representative text for Cal-GETC reapproval. Update language to reflect current industry and educational standards, ILO to include critical thinking and problem-solving. Update methods of evaluation to include research projects, exam/tests, papers, homework, and writing requirements. Remove other materials. Add CIP Code 09.0702. Update catalog description, objectives, outcomes, content, sample assignments, and methods of evaluation. Add relevant attachments.	3.0
MMAC 114	Game and Interaction Design Old: Game and App Design Lecture hours: 2 hours to 1.5 hours. (2 units to 1.5 units) Lab hours: 3 hours to 4.5 hours. (1 unit to 1.5 units).	3.0

	No change in total number of units. Modifications: CTE 2-year review. TOP code updated to Electronic Games & Digital Media 0614.20. Adjust hours and units. Update text. Change course title that includes study of interaction design in games, art, Web, and apps. Add assignments and evaluation methods. Modify content. Program Impact: 1. New Credit Program-Certificate of Achievement (16+ units) *Active* Game Art & Design Foundation 2. New Credit Program-Certificate of Achievement (16+ units) *Active* Animation Foundation 3. MUS 132 Pending	Masterworks Chorale Justification: The course was formerly 2 units but was reduced to 1 unit to fit within the unit limitations of the AA-T, but now that the GE requirements have been reduced, we can increase this course to 1.5 units to give us the hours needed to ensure student success and that our SLO's are achieved. This increase of .5 units would reflect the actual amount of time the class has been meeting and ensure that students get credit for the amount of hours they have been participating. Program Impact:	1.5

	Program Requirements • Add/Modify Credit Program Map-Associate in Arts for Transfer *Active* Music • Add/Modify Credit Program Map-Associate in Arts *Active* Music • Modify Credit Program-Associate in Arts for Transfer *In Review* Music • Modify Credit Program-Associate in Arts *In Review* Music Program Map • This course is incorporated into the following program(s): Course Block Library- *Active* Core Elective - Music (ADT) • Course Block Library- *Active* Core Elective: List A - Music (AA) Course Block Library- *Active* Cal-GETC Elective

Modify Noncredit Course

Prefix & Number	Course Title	Hours
BARB 7007	Barbering 3 Justification: Address student interest and the need for accessible barbering education and training within the community. The course will provide students with continued hands-on training, opportunities to demonstrate proficiency, preparation for the State Board/licensure examination, and skills necessary for entry-level employment. This course will help meet the educational and workforce needs of students, employers, and the broader community by providing relevant barbering education and career preparation. DE All modalities.	250-280
BARB 7011	Barbering 4 Justification: as above. DE All modalities.	250-280
BASK 7005	Preparing for GED Test DE Sync only	35-216
BASK 7014	Mathematics Lab Modification: Adjust hours. DE All modalities	10-320
CITZ 7000	Preparation for Citizenship	24-60

	Justification: Due to changes in the Civics Test in the Naturalization Interview process from USCIS. The test has been changed from 100 civic questions to 128. Students now have new topics to study and more questions to be tested on. DE Sync only	
CITZ 7001	US Citizenship Interview Preparation Justification: Course review. DE Sync only	15-36
FTNC 7002	Fall Firefighter Inservice Training LOE: Must have passed a college California State Fire Marshal's (CSFM) Office Firefighter I Academy or a Local Government Basic Training Recruit Academy or equivalent. NOTE: Approval of equivalent enrollment eligibility is not a guarantee that state regulatory and licensing authorities will also grant equivalency for licensure or employment purposes. Must be free of felony convictions, possess a valid California Driver's License. Students may be required to provide evidence of the minimum skills necessary to be successful in this course as demonstrated through a skills validation test prior to the start of the course. DE All modalities	40-135
FTNC 7004	Winter Firefighter Inservice DE All modalities	20-60

SEWN 7206	Machine Embroidery 2 Modification: Update contact hours.	60-68
SEWN 7207	Machine Embroidery Open Lab Modification: Update contact hours.	60-68

New Credit Program

Department	Program Title	Units
Applied Behavioral Sciences	Fashion Design and Production Certificate of Achievement Justification: The program is in response to student interest, advisory committee recommendations, and Fashion Studies program review goals. This certificate organizes existing fashion courses into a clear pathway and adds two new transfer-level courses, FASH 111 Basic Flat Pattern and FASH 112 CAD for Patternmaking, to strengthen students' skills in apparel design and production. Advisory committee feedback has emphasized the need for hands-on technical training, patternmaking, digital design tools, textile knowledge, and production skills aligned with current fashion and apparel industry practices. Adding patternmaking and CAD for patternmaking also supports transfer preparation by aligning the program with lower-division coursework commonly found in fashion design programs. This certificate will increase program visibility, support student completion, and prepare students for entry-level employment, entrepreneurship, skill advancement, or continued study in fashion-related fields.	16
Fine Arts	Drone Cinematics and Visual Storytelling Certificate of Accomplishment (15.5 units or less) Justification: Same as Drone Piloting and Imaging.	14
Fine Arts	Drone Piloting and Imaging Certificate of Achievement Justification: The certificate addresses growing demand for entry-level professionals who can safely operate small, unmanned aircraft systems for imaging, inspection, mapping, real estate, construction, agriculture, public safety, media production, and related fields. Employers increasingly seek candidates who combine FAA-compliant operations with skills in aerial photography, videography, flight planning, data capture, and post-production. Sustained student interest and the expanding use of drones across photography, media arts, and regional industries prompted this program addition. Recommended and approved by the Media Arts Advisory Committee, the certificate expands a Photography Program that currently offers only an A.S. degree and the Commercial Photography Certificate of Achievement.	16

	As a stackable pathway built on foundational photography courses, it prepares students for the FAA Part 107 knowledge exam, rapid workforce entry, skill enhancement, better-paying jobs, and continued study toward an A.S. degree or another certificate.	
Health Sciences	Medical Assisting Associate in science Justification: The new associate degree in medical assisting overlaps with the current certificate of achievement. It prepares the student for transfer to four-year institutions as well as meet the requirements of other health-related programs, including nursing.	26.5
Industrial Technology	Aerospace Technology Certificate of Achievement Justification: The program responds to regional demand for cross-trained technical employees who can enter aerospace, defense, electronics, machining, manufacturing, materials, quality, test, and production environments with a common foundation in safety, measurement, documentation, troubleshooting, and workplace effectiveness.	19
Industrial Technology	Aerospace Technology Associate in science Justification: As above.	30
Public Safety Pending	EMS Emergency Management Certificate of achievement Justification: The new EMS Emergency Management Certificate of Achievement addresses a gap in existing programs by offering a structured 16+-unit pathway focused on disaster operations, interagency coordination, and hazard response rather than solely clinical care. Designed for both new students and incumbent professionals, the certificate Prepares personnel to handle regional vulnerabilities like wildfires, earthquakes, and public health emergencies. Ultimately, this program strengthens regional workforce development and community resilience without replacing any existing credentials.	34
Public Safety Pending	EMS Healthcare Sciences Associate in science Justification: The Associate of Science in EMS Healthcare Sciences provides a structured, clinically focused pathway combining general education with core medical subjects like anatomy, pharmacology, and clinical learning. It serves students seeking immediate entry-level clinical roles—including potential NREMT certification via EMS 334—as well as those preparing for advanced healthcare professions like nursing or medicine. Additionally, the degree supplies regional healthcare employers with skilled graduates while establishing a clear foundation for student employment and continued education.	25.5- 32.5
Public Safety Pending	EMS Healthcare Sciences Certificate of achievement Justification: EMS program review and curriculum planning identified a need for a shorter, clearly defined credential that students can earn on the way to the Associate of Science in EMS Healthcare Sciences. Demand for entry-level EMS education is evident in the EMT Academy's 78 applications for 36 seats in Fall 2025 and 80 applications for 36 seats in Spring 2026. This demand prompted the proposed Certificate of Achievement as a first step toward emergency medical employment and continued healthcare education.	42.5

Public Safety Pending	EMS Leadership Certificate of achievement Justification: EMS program review, curriculum planning, and advisory committee input identified a need for a structured, stackable credential that prepares EMS personnel for increasing leadership, supervisory, administrative, and organizational-improvement responsibilities. Existing EMS programs primarily emphasize entry-level certification and clinical practice, leaving a curricular gap for students and working professionals seeking education in team leadership, governance, compliance, risk management, quality improvement, strategic planning, and systems leadership. Regional labor-market projections showing continued EMS employment demand, together with strong student interest in Allan Hancock College's EMS programs, reinforce the need for a sustainable leadership pipeline. The proposed certificate combines foundational EMS coursework with EMS 190, EMS 391, and EMS 392, providing an attainable professional-development milestone and a pathway into continued associate-degree study. It complements rather than replaces the college's existing EMS degrees and certificates.	34.5
Public Safety Pending	EMS Public Safety Associate in science Justification: Aligning curriculum and program options to industry and community needs.	34.5
Public Safety Pending	EMS Public Safety Operations Certificate of achievement Justification: EMS program review, curriculum planning, and advisory committee input identified a need for a shorter, stackable credential focused on the operational responsibilities of EMS and public safety personnel. Existing EMS pathways emphasize clinical certification and patient care preparation but do not provide a distinct award recognizing competencies in EMS systems, incident operations, interagency coordination, professional communication, documentation, and responder safety. The proposed Certificate of Achievement organizes EMS 104, EMSP 300, EMS 306, EMS 330, EMS 331, and EMS 332 into a coherent workforce pathway. It provides students and current professionals with an attainable educational milestone, responds to community and employer needs for personnel who can function effectively within coordinated public safety systems, and allows completed coursework to apply toward the Associate of Science in EMS Public Safety.	25.5
Public Safety	Firefighter Academy Certificate of Achievement Justification: Increase units.	21
Social and Behavioral Sciences	Human Services: Social Work & Human Services Associate in science for transfer Justification: The Human Services program currently does not offer a transfer degree, which has limited students' ability to pursue advanced education and restricted their access to higher-level career opportunities. As a result, some students have reported changing majors to obtain a transfer pathway aligned with their professional goals. In addition, the Human Services program was recently awarded a grant through the Health Care Access and Information (HCAI) initiative. A key objective of this	30

	grant is the development of a Social Work and Human Services associate degree for transfer (AS-T) to complement the creation of a new Wellness Coach Certificate. This degree will provide a clear academic and career pathway for students seeking to transfer to CSU programs in Social Work and related fields. The proposed transfer degree has received strong departmental support and aligns with advisory committee recommendations emphasizing the need to respond to regional labor market demands. Establishing this degree will expand student opportunities, strengthen program enrollment, and better meet both community workforce needs and student educational goals.	
Social and Behavioral Sciences	Human Services: Wellness Coach Associate in science Justification: As above.	28

Modify Credit Program

Department	Program Title	Units
Applied Behavioral Sciences	Family and Consumer Science General Associate in science Justification: The program is updated to better reflect the interdisciplinary nature of the field and provide students with a clearer pathway connecting existing Family and Consumer Sciences coursework, certificates, transfer preparation, and career goals. Add FCS 131 Life Management, HOSP 110 Sanitation, Safety and Equipment, FSN 109 Basic Nutrition for Health, and ECS 114 Parent and Child Relationships as electives. These courses expand student choice in important areas of family and consumer sciences, including personal development, food safety, nutrition, parenting, and family relationships. The revision cleans up the listing of the cross-listed Consumer and Family Finance course. BUS 130, ECON 130, and FCS 130.	24
Applied Behavioral Sciences	Fashion Studies Associate in science Justification: Update courses.	21
Fine Arts	Commercial Photography Certificate of achievement Modifications: Includes a noncredit course, PHTN 7152. Add PHTO 153.	18
Fine Arts	Media Arts: Animation & Game Art Associate in science Modification: - Add four foundational art courses to the elective options: Art 112 Design Color Theory, ART 151 Painting 1, ART 164 Sculpture 1, and MMAC 129 Digital Tools for Visual Media. These increase options for transfer. Update student data and LMI. Unclear about the list of electives.	36
Fine Arts	Media Arts: Photography Associate in science Modification: Add PHTO 153.	34
Fine Arts Pending	Music Associate in arts Modification: Update units for MUS 130, MUS 133, and MUS 137. Use of LLNC 7400.	22
Fine Arts	Music	22

Pending	Associate in arts for transfer Modification: Update units for MUS 130, MUS 133, and MUS 137. Use of LLNC 7400.	
Health Sciences	Medical Assisting Certificate of achievement Justification: The medical assisting certificate program is modified to include cross-listed courses, MB 305 and MB 352. The program catalog description is modified to clarify the program requirements, career opportunities, and eligibility for certification examination.	26.5
Social and Behavioral Sciences	Human Services General Certificate of achievement Modifications: Remove HUSV 102 and 103. Add HUSV 109 and HUSV 135. Remove HUSV 170 as option making HUSV 120 as the only option. Add HUSV 100 to the options of minimum of 6 units.	28
Social and Behavioral Sciences	Human Services: Substance Abuse and Treatment Studies Associate in science Justification: Remove HUSV 102 and 103. Add HUSV 109 and HUSV 112.	39

Modify Noncredit Program

Department	Program Title	Hours
Education NC	Barbering Certificate of Completion Modifications: Restructured the Barbering Program by revising the course sequence and creating four courses, each consisting of a minimum of 250 instructional hours. Modified existing courses and created new courses to align with the revised program structure, instructional sequence, required hours, and barbering competencies. Updated course content and requirements to support the revised program structure and student progression. Updated the program requirements and minimum/maximum instructional hours to reflect the revised course curriculum. Updated the program start/effective date to Summer 2027 to align with the anticipated implementation of the revised program.	1000-1120
Education NC	Foundations of Machine Embroidery Certificate of Completion Justification: The certificate was developed to expand on the existing HOEC embroidery course, which currently does not lead to a certificate. At present, the college offers only a single stand-alone embroidery class under the HOEC prefix, with no opportunity for students to advance their skills or access an open lab environment. This certificate creates a structured pathway that responds to sustained student demand, providing progressive skill development and certificate recognition consistent with the mission of Allan Hancock College and statewide goals for short-term vocational and lifelong learning programs. The SEWN prefix is more intuitive for students to recognize. Modification: Program requirements updated to include SEWN draft courses with increased contact hours.	180-204

Education NC	GED / High School Exam Preparation Certificate of Competency Justification: The certificate title is being revised from Secondary Education/High School Equivalency Exam Preparation to GED/High School Equivalency Exam Preparation to better reflect the terminology commonly used and recognized by the program's target student population. Although "High School Equivalency" is the appropriate broader terminology, prospective students frequently identify these educational opportunities as "GED" programs when seeking information about obtaining a high school equivalency. Including "GED" in the certificate title will make the program more easily recognizable to students and improve their ability to identify and access the appropriate educational opportunity. The revised title maintains the reference to High School Equivalency Exam Preparation while incorporating "GED" to better align the title with student language, community awareness, and outreach efforts. This change is intended to improve clarity and accessibility for prospective students while accurately describing the purpose of the certificate. Modifications: - Revised the certificate title from Secondary Education/High School Equivalency Exam Preparation to GED/High School Equivalency Exam Preparation to improve recognition and accessibility for the target student population. - Updated the abbreviated certificate title to GED/HSE Exam Preparation. - Updated the program outline to reflect the revised certificate title and clarify the program's purpose of preparing students for the GED®/High School Equivalency examination. - Removed the optional electives BASK 7006 and BASK 7007 from the certificate requirements. - Updated the certificate requirements to reflect the revised course sequence and streamlined pathway for students preparing for a high school equivalency examination. - Updated the effective term to Summer 2027 to align with the anticipated implementation of the revised certificate. - Updated the minimum and maximum program hours based on revisions to the courses included in the program and the resulting changes to the certificate requirements.	154-360
