If you (and/or your dependents) have Medicare or you will become eligible for Medicare in the next 12 months, a Federal law gives you more choices about your prescription drug coverage. Please see page 56 for more details.

This is a brief summary of the benefits available under Allan Hancock Joint Community College’s plans. In the event of a discrepancy between this summary and the Plan Document, the Plan Document will prevail.

Introduction

Our Commitment

Our greatest asset, and the key to our success, is our employees. You make the difference for the people we care for and the community we serve. That’s why we’ve designed a benefits program to make a difference for you and your family.

Health insurance is one of the most critical benefits offered by Allan Hancock Joint Community College. A major illness or injury could be financially devastating without adequate insurance. Even the cost of treatment of minor conditions can be prohibitive. With this in mind, our benefit program is designed exclusively to meet the health care needs of you and your family.

Depending on where you live, your personal preference regarding physician choice and type of health care environment you prefer, you may choose the plan that is most suitable for you and your family members.

The benefit choices you make when you and your dependent(s) enroll will remain in place unless you experience a change in family status (e.g., marriage, divorce, or legal separation, birth, adoption, death or spousal change). If you need to change your coverage before the next enrollment period due to one of these occurrences, you need to contact the Business Services department within 31 days of your family status change. Please note that there is an annual open enrollment period for some, but not all of your benefits.

You can make changes during the Open Enrollment period which will be effective October 1, 2023.

If you are a benefit eligible employee, you may enroll or change your medical and/or dental carriers, as well as add any eligible dependents not previously enrolled under your coverage.

Your dependents are defined as:

- Your legally valid married spouse of the opposite sex;
- Your registered domestic partner of the same sex between the ages of 18 and 62;
- Your registered domestic partner of the opposite sex provided one of the partners is over age 62;
- Your child, a child of your spouse or domestic partner, up to age 26; or
- Your legally adopted child to age 26.

Any carrier and/or benefit changes you make during the Open Enrollment period will be effective October 1, 2023 and continue through September 30, 2024.

Facing a health issue? 
We can help.

A hospital stay or long-term health problem can turn your life upside down. You may feel overwhelmed and not know where to get help and support.

That’s why we have a team of registered nurses, supported by clinical experts, trained to help during these stressful times. They’re called nurse care managers, and they’re your health care advocates. Their goal is to understand your needs from all angles and help you get the best care possible.

Depending on your needs, a nurse care manager might help you:
- Find out more about your health issue and your treatment options.
- Talk with your doctors and the rest of your health care team — and encourage them to talk with each other.
- Review your health plan to help you save money and get the most value from your plan.
- Connect with resources near you, like home care services and community health programs.
- Take steps to make healthy changes in your life.

Your nurse care manager will probably call you
But if you don’t pick up or if you want to reach out to us about the program, you can call the number on the back of your card and ask for Case Management.
This service doesn’t cost anything extra.

Keep in mind that the nurse doesn’t provide hands-on care to you. It’s up to your doctors and the rest of your health care team to do that. But the nurse can work with you and your team to keep the focus where it belongs — helping you manage your health and feel better. Here’s how it works:

- **Get started.** In most cases, someone from this program contacts you directly. You can also call the Customer Service number on your member ID card or the health benefits team where you work. Ask to get in touch with the Case Management team. Your nurse will call you and get to know you. You’ll talk about your current health situation and how it affects you. But you’ll also talk about your health goals — and how your nurse can help you reach them.

- **Stay in touch.** Your nurse will call you regularly to see how you’re doing. You can get support with any health issues. This is important because your needs may change over time. You’ll also have your nurse’s direct phone number, so you can call if any questions or problems come up.

- **Get better.** If you don’t think you need help anymore, just let your nurse know. You can stop participating at any time.

- **See us at home or the hospital.** Sometimes we may offer to send a health professional to your home, to help coordinate your care or connect you with community resources that can support your recovery after a hospital stay.²

**An extra helping hand is a phone call away.** Call Customer Service at the phone number on your ID card and ask for Case Management. To learn about other member programs available to you, visit your health plan’s website.

In order to be covered by the Preferred Provider Organization (PPO) plan, hip and knee replacements and certain inpatient spine surgeries must be performed at an Anthem Blue Cross Blue Distinction+ center. Read more to find out key details before getting surgery.

The highest quality of care

For particular surgeries, some hospitals deliver better outcomes than others. Hospitals meeting the requirements for the Blue Distinction+ (BD+) designation outperform their peers in the areas that impact patient health care the most — quality, safety and efficiency. BD+ Centers meet affordability criteria and deliver better results — including fewer complications and readmissions — than other hospitals.

For a specific list of hip, knee and spine procedures that are part of the program, please call the Customer Service number on the back of your ID card.

Finding a Blue Distinction+ hospital

- Go to anthem.com/ca/sisc/find-care/.
- Scroll down to Blue Distinction Centers and Centers of Medical Excellence.

If you need help finding a surgeon who practices at a Blue Distinction+ hospital, you may want to ask your primary care doctor or orthopedic specialist to assist you. There is also often an Orthopedic Program Director at each BD+ hospital that can assist you with finding surgeons that are part of their program, as well as provide you detailed information about what their program offers.

Are you considering a hip, knee or spine surgery?

If you're considering surgery, the SISC Expert Medical Opinion program can provide a second opinion with a top specialist in the field of joint replacement and spine surgery. They'll handle the collection of medical records and provide you an expert consultation on the phone or online.

Call 1-855-380-7828 to start a second opinion, or visit teladoc.com/sisc to learn more.

Travel Assistance

If there is no Blue Distinction+ center within 50 miles from where you live, a travel benefit is available to you. It pays for travel for the patient and a companion. It also includes a concierge service called HealthBase that serves as a link between patients and doctors. Anthem Customer Service can connect you with a HealthBase representative who will help with travel arrangements, accommodations and setting up appointments including medical record collection and transfer.

Exceptions

Although rare, there may be times when you may be able to go to a non-Blue Distinction+ center. For example:

- Emergencies.
- Additional complications such as cancer.
- Patient is under the age of 18.
- SISC is secondary to other primary benefits.
- Patient lives outside of California.

The cost of health care has been increasing at unsustainable rates. Overpriced health care is taking money out of all of our pockets. It results in higher premiums, less money for salaries, and people moving to benefit plans with higher deductibles and co-pays. At SISC, we continually evaluate ways to limit unnecessary spending in an effort to keep benefits affordable without impacting access to high quality and safe care.

**Hospitals and Ambulatory Surgery Centers (ASCs)**

The facility fees for outpatient procedures at hospitals can be several times higher than at ASCs, for the same service provided to the same patient, by the same doctor with the same equipment, medications and supplies.

ASCs have established track records of providing quality outcomes that are at least as good as or better than hospitals. ASCs tend to be more specialized with less exposure to a wide range of infections. And infections can cause complications that create more problems for the patient and their recovery. In addition, hospitals tend to have more cumbersome check-in and check-out processes. Outpatient procedures can be safely performed at an ASC more quickly for a fraction of the cost.

Incenting the appropriate use of ASCs helps curb the out-of-control cost of health care.

**SISC PPO plans limit the maximum benefit amount at an in-network outpatient hospital facility for the following five procedures:**

<table>
<thead>
<tr>
<th>Procedure</th>
<th>Arthroscopy</th>
<th>Cataract Surgery</th>
<th>Colonoscopy</th>
<th>Upper GI Endoscopy with Biopsy</th>
<th>Upper GI Endoscopy without Biopsy</th>

</tr>
<tr>
<td>There is no limit at an in-network Ambulatory Service Center (ASC)</td>
<td>There is no maximum benefit limit at an ASC.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Note:** The value-based site of care benefit applies to facility fees only. The fees paid to physicians and any other practitioners who assist in the procedure, such as an anesthesiologist or radiologist, are not affected by this change.

**If you use an in-network ASC,** you will only be responsible for the regular deductible and coinsurance.

**If you use an in-network outpatient hospital facility,** you will be responsible for the regular deductible and coinsurance PLUS any amount by which the hospital charge exceeds the maximum benefit.

The benefit includes a simple process to exempt the member if the physician provides clinical justification for using a hospital. It also allows exceptions when a member lives more than 30 miles from an ASC and a hospital that offers the service for less than the maximum benefit or if a procedure cannot be scheduled in a medically appropriate timely manner due to available ASCs not having capacity.

**IMPORTANT:** Most physicians have privileges at both hospitals and ASCs. If you need one of the outpatient procedures on the list shown above, it will be up to you to either request treatment at the in-network ASC or have your doctor obtain an advance certification from your health plan.
Delta Dental of California

Delta Dental offers you what no other dental plan can - The Delta Dental Difference™. Here’s what makes us a leading provider of dental benefits:

- **Exceptional Cost Savings**: Our networks protect enrollees from balance billing and prevent dentists from charging more by “unbundling” services that should be billed as one service. Your costs are usually lowest when you visit Delta Dental dentists.

- **Guaranteed Coinsurance / Copay**: Delta Dental dentists agree to accept our determination of fees. They won’t balance bill over Delta Dental’s approved amount for covered services.

- **Professional Treatment Standards**: Delta Dental reviews utilization patterns and office practices to ensure that Delta Dental dentists meet professional standards for safety and quality of care.

Although the Premier program allows you the freedom to visit any licensed dentist, there are advantages to visiting a Delta Dental dentist. Consider the information below:

<td>You are responsible for the difference between the amount Delta Dental pays and the amount your non-Delta Dental dentist bills. You will often have higher out-of-pocket costs when you visit a non-Delta Dental dentist.</td>

Plan Ahead with the Cost Estimator

Get an estimate of dental costs in your area

Planning on a major procedure? Don’t get surprised by the bill! Receive a cost estimate beforehand to know what to expect.

Advantages

• **Local.** Enter your ZIP code to receive an estimate based on prices in your area.
• **Comprehensive.** Whether you need braces or dentures, the Cost Estimator has you covered. Choose from nearly 60 common procedures.
• **Based on real data.** Estimates are calculated from Delta Dental dentists’ actual fees.

What does my estimate mean?

Your estimate shows the average dentist fee in your area. You can use this amount to figure out your share based on your plan’s benefits.

1. You get an estimate for crowns in your area. That’s how much your dentist may charge, but it doesn’t mean you’ll have to pay the whole amount!
2. You check your benefits and see that crowns are covered at 60%. Since you plan on visiting an in-network dentist, you can count on paying no more than the remaining 40% of the bill!
3. You multiply the estimate by 40%. That leaves your expected bill between $496 and $575.20.

An Easy Way to Pay for Expenses
Would you like to gain tax savings when paying for medical or dependent care costs? With a Section 125 Plan, your money can be taken from your paycheck pre-tax and used for eligible costs. And since your money is taken out pre-tax, it reduces your taxable income, and allows you to take home more money in each paycheck.

How Does it Work?
Look at the example below. Jane makes $4,000 per paycheck and is paid monthly. Under a Section 125 Plan, she would save $82.96 a month. That’s a savings of $995.52 a year. To calculate your possible savings, visit americanfidelity.com/s125-calculator

Where allowable by law. If you are subject to FICA taxes, there might be a reduction in your social security benefit due to the reduction of FICA contributions.

Example is hypothetical for illustrative purposes only. Please consult your tax advisor for actual tax savings.

Benefits for pregnancy hospital stay (for delivery) for a mother and her newborn generally may not be restricted to less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. Women’s Health and Cancer Rights Act (WHCRA) Annual Notice
Your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services, including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. For more information, you should review the Summary Plan Description or call your Plan Administrator at 805.922.6966.

Patient Protections
The medical plan requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, the plan will designate one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, Anthem Blue Cross 661.327.7581.

For children, you may designate a pediatrician as the primary care provider.
You do not need prior authorization from the plan or any other person (including a primary care provider) to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, Anthem Blue Cross 661.327.7581.

Networks/Claims/Appeals

The major medical plans described in this booklet have provider networks with Anthem Blue Cross. The listing of provider networks will be available to you automatically and free of charge. A list of network providers can be accessed immediately by using the Internet address found in the Summary of Benefits and Coverage that relates to the Plan. You have a right to appeal denials of claims, and a right to a response within a reasonable amount of time. Claims that are not submitted within a reasonable time may be denied. Please review your Summary Plan Description or contact the Plan Administrator for more details.

Notice of Extended Coverage to Children Covered as Students

“Michelle’s Law” generally extends eligibility for group health benefit plan coverage to a dependent child who, as a condition of coverage, is enrolled in an institution of higher education. Please review the following information with respect to your dependent child’s rights in the event student status is lost.

Michelle’s Law requires the Plan to allow extended eligibility in some cases for a covered child who would lose eligibility for Plan coverage due to loss of full-time student status.

There are two definitions that are important for purposes of determining whether the Michelle’s Law extension of eligibility applies to a particular child:

- **Dependent child** means a child who is a dependent of a plan participant and who is eligible under the terms of the Plan based on their student status and enrollment at a post-secondary educational institution immediately before the first day of a medically necessary leave of absence.
- **Medically necessary leave of absence** means a leave of absence or any other change in enrollment:
  - Of a dependent child from a post-secondary educational institution that begins while the child is suffering from a serious illness or injury;
  - Which is medically necessary; and,
  - Which causes the dependent child to lose student status under the terms of the Plan.

The dependent child’s treating physician must provide written certification of medical necessity (i.e., certification that the dependent child suffers from a serious illness or injury that necessitates the leave of absence or other enrollment change that would otherwise cause loss of eligibility).

If a dependent child qualifies for the Michelle’s Law extension of eligibility, the Plan will treat the dependent child as eligible for coverage until the earlier of:

- **One year after the first day of the leave of absence;** or
- **The date that Plan coverage would otherwise terminate (for reasons other than failure to be a full-time student).**

A dependent child on a medically necessary leave of absence is entitled to receive the same Plan benefits as other dependent children covered under the Plan. Further, any change to Plan coverage that occurs during the Michelle’s Law extension of eligibility will apply to the dependent child to the same extent as it applies to other dependent children covered under the Plan.

COBRA Continuation Coverage

This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under covered medical, dental and vision plans (the “Plan”). This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and federal law, you should review the Plan’s Summary Plan Description or contact the Plan Administrator.
You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally does not accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a “Qualifying Event.” Specific Qualifying Events are listed later in this notice. After a Qualifying Event, COBRA continuation coverage must be offered to each person who is a “Qualified Beneficiary.” You, your spouse, and your dependent children could become Qualified Beneficiaries if coverage under the Plan is lost because of the Qualifying Event. Under the Plan, Qualified Beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a Qualified Beneficiary if you lose coverage under the Plan because of the following Qualifying Events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a Qualified Beneficiary if you lose your coverage under the Plan because of the following Qualifying Events:

- Your spouse dies;
- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than their gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or,
- You become divorced or legally separated from your spouse.

Your dependent children will become Qualified Beneficiaries if they lose coverage under the Plan because of the following Qualifying Events:

- The parent-employee dies;
- The parent-employee’s employment ends for any reason other than their gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or,
- The child stops being eligible for coverage under the Plan as a “dependent child.”

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified of a Qualifying Event:

- The end of employment or reduction of hours of employment;
- Death of the employee; or,
- The employee becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other Qualifying Events (e.g., divorce or legal separation of the employee and spouse, or a dependent child’s losing eligibility for coverage as a dependent child, etc.), you must notify the Plan Administrator within 60 days after the Qualifying Event occurs. You must provide this notice to your employer.

Life insurance, accidental death and dismemberment benefits, and weekly income or long-term disability benefits (if part of the employer’s plan), are not eligible for continuation under COBRA.

NOTICE AND ELECTION PROCEDURES

Each type of notice or election to be provided by a covered employee or a Qualified Beneficiary under this COBRA Continuation Coverage Section must be in writing, must be signed and dated, and must be mailed or hand-delivered to the Plan Administrator, properly addressed, or as otherwise permitted by the COBRA administrator, no later than the date specified in the election form, and properly submitted to the Plan Administrator.

Each notice must include all of the following items: the covered employee’s full name, address, phone number and Social Security Number; the full name, address, phone number and Social Security Number of each affected dependent, as well as each dependent’s relationship to the covered employee; a description of the Qualifying Event or disability determination that has occurred; the date the Qualifying Event or disability determination occurred; a copy of the Social Security Administration’s written disability determination, if applicable; and the name of this Plan. The Plan Administrator may establish specific forms that must be used to provide a notice or election.
ELECTION AND ELECTION PERIOD

COBRA continuation coverage may be elected during the period beginning on the date Plan coverage would otherwise terminate due to a Qualifying Event and ending on the later of the following:
(1) 60 days after coverage ends due to a Qualifying Event, or
(2) 60 days after the notice of the COBRA continuation coverage rights is provided to the Qualified Beneficiary.

If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage rights, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver will be an election of COBRA continuation coverage. However, if a waiver is revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered to be made on the date they are sent to the employer or Plan Administrator.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation on behalf of their dependent children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain Qualifying Events, or a second Qualifying Event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

DISABILITY EXTENSION OF THE 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. This disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. (See Notice and Election Procedures.)

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If your family experiences another Qualifying Event during the 18 months of COBRA continuation of coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation of coverage, for a maximum of 36 months, if the Plan is properly notified about the second Qualifying Event. This extension may be available to the spouse and any dependent children receiving COBRA continuation of coverage if the employee or former employee dies; becomes entitled to Medicare (Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second Qualifying Event would have caused the spouse or the dependent child to lose coverage under the Plan had the first Qualifying Event not occurred. (See Notice and Election Procedures.)

OTHER OPTIONS BESIDES COBRA CONTINUATION COVERAGE

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, Children’s Health Insurance Program (CHIP) or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

ENROLLMENT IN MEDICARE INSTEAD OF COBRA

In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:
• The month after your employment ends; or
• The month after group health plan coverage based on current employment ends.

¹ https://www.medicare.gov/sign-up-change-plans/how-do-i-get-parts-a-b/part-a-part-b-sign-up-periods
If you don’t enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

For more information visit https://www.medicare.gov/medicare-and-you.

For more information about the Marketplace, visit www.healthcare.gov.

**KEEP YOUR PLAN INFORMED OF ADDRESS CHANGES**

To protect your family’s rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

**EFFECTIVE DATE OF COVERAGE**

COBRA continuation coverage, if elected within the period allowed for such election, is effective retroactively to the date coverage would otherwise have terminated due to the Qualifying Event, and the Qualified Beneficiary will be charged for coverage in this retroactive period.

**COST OF CONTINUATION COVERAGE**

The cost of COBRA continuation coverage will not exceed 102% of the Plan’s full cost of coverage during the same period for similarly situated non-COBRA beneficiaries to whom a Qualifying Event has not occurred. The “full cost” includes any part of the cost which is paid by the employer for non-COBRA beneficiaries.

The initial payment must be made within 45 days after the date of the COBRA election by the Qualified Beneficiary. Payment must cover the period of coverage from the date of the COBRA election retroactive to the date of loss of coverage due to the Qualifying Event (or date a COBRA waiver was revoked, if applicable). The first and subsequent payments must be submitted and made payable to the Plan Administrator or COBRA Administrator. Payments for successive periods of coverage are due on the first of each month thereafter, with a 30-day grace period allowed for payment. Where an employee organization or any other entity that provides Plan benefits on behalf of the Plan Administrator permits a billing grace period greater than the 30 days stated above, such period shall apply in lieu of the 30 days. Payment is considered to be made on the date it is sent to the Plan or Plan Administrator.

The Plan will allow the payment for COBRA continuation coverage to be made in monthly installments, but the Plan can also allow for payment at other intervals. The Plan is not obligated to send monthly premium notices.

The Plan will notify the Qualified Beneficiary, in writing, of any termination of COBRA coverage based on the criteria stated in this Section that occurs prior to the end of the Qualified Beneficiary’s applicable maximum coverage period. Notice will be given within 30 days of the Plan’s decision to terminate.

Such notice shall include the reason that continuation coverage has terminated earlier than the end of the maximum coverage period for such Qualifying Event and the date of termination of continuation coverage.

See the Summary Plan Description or contact the Plan Administrator for more information.

**Flexible Spending Accounts (FSAs) – Termination and Claims Submission Deadlines**

**Note:** If you lose eligibility for any reason during the Plan Year, your contributions to your Health and/or Dependent Care FSAs will end as of the date your eligibility terminates. You may submit claims for reimbursement from your FSAs for expenses incurred during the Plan Year prior to your eligibility termination. You must submit claims for reimbursement from your Health and/or Dependent Care FSAs no later than 90 days after the date your eligibility terminates. Any balance remaining in your FSAs will be forfeited after claims submitted prior to this date have been processed.
**Special Enrollment Rights Notice**

**CHANGES TO YOUR HEALTH PLAN ELECTIONS**

Once you make your benefits elections, they cannot be changed until the next Open Enrollment. Open Enrollment is held once a year.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if there is a loss of other coverage. However, you must request enrollment no later than 30 days after that other coverage ends.

If you declined coverage while Medicaid or the Children’s Health Insurance Program (CHIP) is in effect, you may be able to enroll yourself and/or your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment no later than 60 days after Medicaid or CHIP coverage ends.

If you or your dependents become eligible for Medicaid or CHIP premium assistance, you may be able to enroll yourself and/or your dependents into this plan. However, you must request enrollment no later than 60 days after the determination for eligibility for such assistance.

If you have a change in family status such as a new dependent resulting from marriage, birth, adoption or placement for adoption, divorce (including legal separation and annulment), death, or Qualified Medical Child Support Order, you may be able to enroll yourself and/or your dependents. However, you must request enrollment no later than 30 days after the marriage, birth, adoption or placement for adoption or divorce (including legal separation and annulment).

**Medicare Part D – Important Notice**

**About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Allan Hancock CCD and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

- **Medicare prescription drug coverage became available in 2006 to everyone with Medicare.** You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

- **Anthem Blue Cross has determined that the prescription drug coverage offered by SISC/Anthem Blue Cross is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

**WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.
WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?
If you decide to join a Medicare drug plan, your current Allan Hancock CCD coverage will not be affected. If you keep this coverage and elect Medicare, the Allan Hancock CCD coverage will coordinate with Part D coverage.

If you do decide to join a Medicare drug plan and drop your current Allan Hancock CCD coverage, be aware that you and your dependents will be able to get this coverage back.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?
You should also know that if you drop or lose your current coverage with Allan Hancock CCD and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without Creditable Coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (i.e., a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

FOR MORE INFORMATION ABOUT THIS NOTICE OR YOUR CURRENT PRESCRIPTION DRUG COVERAGE
Contact the person listed below for further information. Note: You will get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Allan Hancock CCD changes. You also may request a copy of this notice at any time.

FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE
More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

FOR MORE INFORMATION ABOUT MEDICARE PRESCRIPTION DRUG COVERAGE
- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) for personalized help.
- Call 800.MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 800-772-1213 (TTY 800-325-0778).

REMEMBER
Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained Creditable Coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: GENERAL INFORMATION
This notice provides you with information about Anthem Blue Cross in the event you wish to apply for coverage on the Health Insurance Marketplace. All the information you need from Human Resources is listed in this notice. If you wish to have someone assist you in the application process or have questions about subsidies that you may be eligible to receive, (for California residents only) you can contact KeenanDirect at 855-653-3626 or at www.KeenanDirect.com, or (for everyone) contact the Health Insurance Marketplace directly at www.Healthcare.gov.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget by offering “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a tax credit that lowers your monthly premium right away. Open Enrollment for health insurance coverage through Covered California will begin November 1, 2022, and is anticipated to end on January 31, 2023. Open Enrollment for most other states will begin on November 1 and close on January 15 of each year. Some states have expanded the open enrollment period beyond January 15, 2023 for coverage to begin in 2023. Notably, Covered California continues its special enrollment periods for coverage beginning in 2023.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer you coverage, offers medical coverage that is not “Affordable,” or does not provide “Minimum Value.” If the lowest cost plan from your employer that would cover you (and not any other members of your family) is more than 9.12% (for 2023) of your household income for the year, then that coverage is not Affordable. Moreover, if the medical coverage offered covers less than 60% of the benefits costs, then the plan does not provide Minimum Value.

DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?
Yes. If you have an offer of medical coverage from your employer that is both Affordable and provides Minimum Value, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s medical plan. If you receive a premium savings for Marketplace coverage, the IRS may seek reimbursement of those funds.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered medical coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

PART B: INFORMATION ABOUT HEALTH COVERAGE OFFERED BY YOUR EMPLOYER

As your employer, we offer coverage that meets the minimum value standard to the employees as described in this Guide. The coverage offered to you meets the minimum value standard and the cost of this coverage to you is intended to be affordable based on employee wages.
Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 877-KIDS-NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your State if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 866-444-EBSA (3272).

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2022. Contact your State for more information on eligibility.

Glossary

Affordable Care Act and Patient Protection (ACA)
Also called Health Care Reform, the ACA requires health plans to comply with certain requirements. The ACA became law in March 2010. Since then, the ACA has required some changes to medical coverage—like covering dependent children to age 26, no lifetime limits on medical benefits, covering preventive care without cost-sharing, etc, among other requirements.

Allowed Amount
Maximum amount on which payment is based for covered health care services. This may be called “eligible expense,” “payment allowance” or “negotiated rate.” If your provider charges more than the allowed amount, you may have to pay the difference. (See Balance Billing.)

Balance Billing
When a provider bills you for the difference between the provider’s charge and the allowed amount. For example, if the provider’s charge is $100 and the allowed amount is $70, the provider may bill you for the remaining $30. A preferred provider may not balance bill you.

Brand Name Drug
The original manufacturer’s version of a particular drug. Because the research and development costs that went into developing these drugs are reflected in the price, brand name drugs cost more than generic drugs.

COBRA (Consolidated Omnibus Budget Reconciliation Act)
The Consolidated Omnibus Budget Reconciliation Act allows people who lose their jobs to continue their employer-sponsored insurance coverage for up to 18 months.

Children’s Health Insurance Program (CHIP)
The government program that provides free or low-cost health coverage for children up to age 19 in families whose income is too high to qualify for Medicaid but too low to afford private insurance. CHIP covers U.S. citizens and eligible immigrants. In some states, CHIP covers pregnant people. CHIP goes by different names in some states.

Claim
A request for payment that you or your health care provider submits to your health insurer to be paid or reimbursed for items or services you have received. Most often, you will not be responsible for making claim requests. Usually, billing and claims specialists employed by the health care provider (e.g. primary care office, hospital) will make the claim on your behalf.

Coinsurance
A percentage of costs you pay “out-of-pocket” for covered expenses after you meet the deductible.

Copayment (Copay)
A fee you have to pay “out-of-pocket” for certain services, such as a doctor’s office visit or prescription drug.

Comprehensive Coverage
A health insurance plan that covers the full range of care that you may need. This may include preventive services (like flu shots), physical exams, prescription drugs, and doctor or hospital care.

Deductible
The amount you pay “out-of-pocket” before the health plan will start to pay its share of covered expenses.

Formulary
A list of prescription drugs covered by the health plan, often structured in tiers that subsidize low-cost generics at a higher percentage than more expensive brand-name or specialty drugs.

Generic Drug
Lower-cost alternative to a brand name drug that has the same active ingredients and works the same way.

High-Deductible Health Plan (HDHP)
High-deductible health plans (HDHPs) are health insurance plans with lower premiums and higher deductibles than traditional health plans. Only those enrolled in an HDHP are eligible to open and contribute tax-free to a health savings account (HSA).
Health Savings Account (HSA)
A health savings account (HSA) is a portable savings account that allows you to set aside money for health care expenses on a tax-free basis. State taxes may apply. You must be enrolled in a high-deductible health plan in order to open an HSA. An HSA rolls over from year to year, pays interest, can be invested, and is owned by you—even if you leave the company.

Health Reimbursement Arrangements (HRAs)
Unlike HSAs, only an employer may fund an HRA and the funds revert back to the employer when the employee leaves the organization. HRAs are not subject to the same contribution limits as HSAs, and they may be paired with either high-deductible plans or traditional health plans.

In-Network
Doctors, clinics, hospitals and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

Non-Preferred Provider
A provider who doesn’t have a contract with your health insurer or plan to provide services to you. You’ll pay more to see a non-preferred provider.

Out-of-Pocket Maximum
The most you pay each year “out-of-pocket” for covered expenses. Once you’ve reached the out-of-pocket maximum, the health plan pays 100% for covered expenses.

Out-Of-Network
A health plan may not cover treatment for doctors, clinics, hospitals and other providers who are out-of-network, but covered employees will pay more out-of-pocket to use out-of-network providers than for in-network providers.

Out-Of-Pocket Limit
The most an employee could pay during a coverage period (usually one year) for his or her share of the costs of covered services, including co-payments and co-insurance.

Plan Year
The year for which the benefits you choose during Annual Enrollment remain in effect. If you’re a new employee, your benefits remain in effect for the remainder of the plan year in which you enroll, and you enroll for the next plan year during the next Annual Enrollment.

Preferred Provider
A provider who has a contract with your health insurer or plan to provide services to you at a discount.

Premium
The amount that must be paid for a health insurance plan by covered employees, by their employer, or shared by both. A covered employee’s share of the annual premium is generally paid periodically, such as monthly, and deducted from his or her paycheck.

Preventive Care
Health care services you receive when you are not sick or injured—so that you will stay healthy. These include annual checkups, gender- and age-appropriate health screenings, well-baby care, and immunizations recommended by the American Medical Association.

Qualifying Life Event
A change in your life that can make you eligible for a Special Enrollment Period to enroll in health coverage. Examples of qualifying life events include moving to a new state, certain changes in your income, and changes in your family size.

Skilled Nursing Care
Services from licensed nurses in your own home or in a nursing home. Skilled care services are from technicians and therapists in your own home or in a nursing home.

Urgent Care
Care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care.
