10. Presentation

10.A. PCPA Season Selection and Programming

PCPA Artistic Director/Associate Dean Mark Booher shared an insight into how plays are selected for the season. He said there are three basic criteria and corresponding avenues of inquiry which are educational, artistic, and financial. They consider many factors when selecting a play that also includes a few other factors. The budget and actual expenses from the previous season's budget is one of many factors. Potential revenue of prospective plays is also considered. Plays are also selected by weighing title popularity and recognition with literary and cultural value. Once selected, they have to secure the professional performance licenses and pay a royalty. After the play is selected, the play must be analyzed for needs. Providing quality learning opportunities for students and the audience is a critical consideration. He added that these decisions should be made 15-18 months in advance of the first play's opening.

Subject:	Rejection of Claim	Item 11.B. Number:	
Strategic Goal:	Goal IR2: To develop district financial resources adequate to support quality programs and services.	Enclosures: Page 1 of 1	

BACKGROUND

On March 7, 2017, Deanna Medina filed a claim against the district for injuries she allegedly sustained in the Marian Theatre lobby during the intermission of a PCPA evening performance on December 22, 2016.

The established procedure for claims against the district is for the board of trustees to reject the claim and refer the matter to the district's insurance claims administrator for evaluation and resolution. Rejection of the claim is required to initiate the statute of limitation provisions for filing a lawsuit against a public entity.

FISCAL IMPACT

Unknown at this time.

RECOMMENDATION

Staff recommends that the board of trustees reject the claim of Deanna Medina.

Subject:	Authorization to Declare District Property as Surplus	Item 11.C. Number:	
Strategic Goal:	Goal IR2: To develop district financial resources adequate to support quality programs and services.	Enclosures: Page 1 of 1	

BACKGROUND

District personnel have determined that the following property can no longer be used by college programs. This process is utilized to ensure that the college does not dispose of any item that still has value to the district.

Education Code Section 81450 allows for the sale, at auction, of district property not required for school purposes. Below is a list of district property to be declared surplus and subsequently sold at auction.

Lot #	Description	Quantity	Condition	AHC ID#	VIN/Serial Number
915	1994 Toro Reelmaster 5300-D mower	1 each	Poor	NA	50162

The plant services department would like to surplus and later dispose of the vehicle listed below that is no longer adequate for normal vehicle use. The department has transferred the truck to the fire technology program to be used as an extrication prop and training aid. When no longer useful as a prop, the district will dispose of the scrap metal through a licensed salvage yard. The department estimates that the vehicle will then have scrap value of \$100 or less. Likewise, the mower listed below has scrap value only of under \$100. Education Code Section 81452 (a) provides for the sale of district property at private sale without advertising if the governing board, by a unanimous vote of those members present, finds that the property, whether one or more items, does not exceed in value the sum of \$5,000.

Description	Quantity	Condition	AHC ID#	VIN/Serial Number
1997 GMC pickup truck, model C2500	1 each	Very Poor	M 28	1GTFC24R5VZ527377
2004 Exmark Zero-turn mower, Lazer Z	1 each	Very Poor	NA	278826

FISCAL IMPACT

Total proceeds are dependent on the auction and private sale participation level.

RECOMMENDATION

Staff recommends that the board of trustees declare the items listed to be surplus and authorize disposal through the appropriate procedures.

BP 3930

Allan Hancock Joint Community College District Board Policy Chapter 3 – General Institution

BP 3930 MINORS ON CAMPUS

The primary mission of the college is to educate students eligible to enroll in community college courses. To that end, the District has the responsibility to provide a place of instruction which is free from internal as well as external distraction. To provide a place of instruction which is free from distraction requires that some restrictions be placed on children on campus. In addition to concerns about the ability to carry out the District's mission, the presence of children in campus facilities raises safety and liability issues.

This policy statement addresses issues raised by the presence of children on the campus and provides guidance for students and employees of the District.

First and foremost, the District and its facilities (classrooms, offices, public service areas and grounds) should not be viewed as a substitute for child care arrangements. This policy does not preclude an adult from bringing children on campus for visits, but when the reason for the child's presence is to take the place of childcare services, then it is inappropriate for the child to be on site.

Second, at no time may children be unattended or unsupervised on campus. The terms "unattended" and "unsupervised" are used to refer to situations in which the child is on campus or in a campus facility and is not under the immediate physical control of an adult or an instructor, for example, College for Kids classes. As a practical matter, children may not be left unattended in public areas such as the library and the cafeteria while the adult is in class. Nor may a child be left to wait or play outside a classroom while the accompanying adult is in class.

Third, only enrolled students may be present in classrooms or lab facilities when classes are in session. Children may not attend class, or class activities such as field trips, along with enrolled students. Moreover, children may not be present at the employee's work site during a staff member's assigned work hours. This does not preclude short visits when the child is accompanied by another responsible adult.

Employees must advise students that it is a violation of Board policy to allow children in the classroom. Students who do not comply with a request to remove dependent children from class will be dealt with in accordance with the Standards of Student Conduct and Disciplinary Action.

Finally, as a safety measure, employees and students should not allow children to be left unattended on campus. Employees or students who observe children who appear to be unattended should contact the Allan Hancock College Police Department. The Allan Hancock College Police Department will handle the matter in accordance with appropriate State of California education and penal codes.

Definitions:

For purposes of this policy₁ the definition of a child is any person under the age of eighteen years of age. Emancipated minors are considered adults. Adult refers to a responsible person over the age of eighteen or an emancipated minor.

Exceptions:

Exceptions to this policy are campus facilities or activities which, by their very nature, might be attended by children. It is assumed, however, that children in these facilities or attending these activities are under the supervision of an instructor or adult or are enrolled in a fee-based program. Examples of such activities would be athletic events, performing arts performances, College for Kids, day care centers, and other activities planned for children.

In certain courses, children may occasionally be included in classrooms or other academic settings for activities that contribute to the achievement of course objectives and student learning outcomes. In such cases, appropriate permissions will be obtained from the parent/legal guardians.

Minors under age 18 who are enrolled in credit classes through the Special Student or High School Special Program are treated as regular Hancock students. Program enrollment materials must, however, contain a statement of conditions of enrollment and must require a parent or guardian's signature.

Certain campus services are open to the public or community users, for example, the cafeteria, library, and pool. As long as an adult or guardian is present with the child, the child may be in the facility. However, if the child becomes disruptive or the presence of the child interferes with the peaceful conduct of the activities of the campus, the adult may be asked to remove the child.

EMS, Fire, Law Enforcement Programs

Police and Fire Academy tactical officers, program assistants, and program specialists are limited in the number of days they are eligible to work. The number of hours is limited by the budget for the program—one tactical officer may work a 40-hour workshop in 5 days, but another may work in a one-hour session on 40 different days. T he academy needs flexibility to schedule tactical officers as they are available; for instance, if a fire officer is scheduled to work in a class on a certain day but is called to fight a fire that day, another officer is called to fill in. There is no way to accurately predict how many hours each officer may work during the academic year. The total available budget for tactical officers, divided by the hourly rate, is the maximum number of hours which can be worked by the entire group of tactical officers.

The two sabbatical candidates recommended for fall 2017 and spring 2018 semesters are listed below. A brief overview of the sabbatical proposals follows:

1. Fall 2017	Kathy Johnson	The primary emphasis of Ms. Johnson's sabbatical is to provide her an opportunity to modernize the internship process that had been in place for over 40 years. Ms. Johnson will research how other community colleges internship programs are operated and apply best practices to Allan Hancock College's Dental Assisting program. The goal is to streamline the system for the benefit of students and dental internship sites. Clinical training will be adjusted to meet the training needs of the dental community. A system will be put in place with the intent to improve communication for all stakeholders. Ms. Johnson will explore how to create a mechanism for local dentists to hire Allan Hancock College Dental Assisting graduates.
2. Spring 2018	Nancy Jo Ward	The primary emphasis of Ms. Ward's sabbatical is to improve her currency and expertise in the intersections of media art, painting, photography and collage, especially to offer more informed instruction and to enhance existing fine arts and applied design/media programs. Ms. Ward also intends on working with other artists in an artistic residency in Spain, France, Italy, and/or the UK. In addition to improving her knowledge of new media art making, this sabbatical will connect her to organized international artistic communities, allowing her to bring the spirit of cross-cultural and cross-disciplinary collaboration back to her students, department, college, and community. The outcomes of this work will be improved instruction, student success, new ideas for global, multicultural instruction and collaboration, a deeper emphasis on world arts and culture through readings and lectures.

BACKGROUND

In December 2012, California Community Colleges (CCC) introduced an Energy Efficiency Initiative to dramatically reduce energy consumption, lower greenhouse gas emissions, help meet new goals for increased distributed generation, and create good paying jobs filled by workers trained at local community colleges. The CCC has requested that \$390 million of Proposition 39 funds be allocated to the Chancellor's Office for distribution among the CCC districts over a five-year period to fund energy projects.

The district received \$611,928 from the California Community Chancellor's Office for the Prop 39 Year 3&4 Project. The scope of work includes constructing solar energy generation panels at the Lompoc Valley Center. The panels are anticipated to be constructed close to the EVOC track and shooting range. It is estimated that the district will save \$35,000-\$50,000 annually in electrical expenses.

FISCAL IMPACT

The construction contract is estimated to be \$500,000 and will be funded with the Prop 39, Year 3&4 funds.

RECOMMENDATION

Staff recommends that the board of trustees authorize solicitation of proposals for the Prop 39 Year 3&4 Lompoc Valley Center Solar Project.

Human Resources in conjunction with the faculty, has developed a Diversity Resource Specialist (DRS) "Toolkit". The toolkit consists of the history of the DRS at Allan Hancock College; it defines diversity, the role of the DRS, faculty demographics, faculty board policy and the role of the EEO. This toolkit was overwhelming acknowledged by faculty and has become institutionalized in the training of the Diversity Resources Specialist (DRS).

Board Policy 7120- Faculty Hiring- All faculty and administrative members of the screening and interview committee must have completed staff diversity/EEO training within the last three (3) years before they can participate in the interviews. The hiring committee must demonstrate diversity through gender and ethnicity. The Diversity Resource Specialist (DRS) is selected by the department chair in consultation with HR from a pool of trained DRS faculty. In the initial committee orientation, HR along with the DRS, discuss the role of the committee and review staff diversity/equal employment opportunity principles and practices with committee members. When the position closes, the DRS and the EEO officer review the ethnic summary to determine if the application pool has diversity. If the District determines that a particular monitored group is significantly

underrepresented with respect to one or more job categories, the District shall take the following steps: review its recruitment procedures, review job announcements, advertisement, etc. At the final screening meeting, the EEO officer and the DRS will review the slate of applicants to be interviewed and recommend additional applicants.

The diversity statement (which is part of the faculty application process) submitted by the applicant is carefully studied. Interview questions, role play, written exercise, and the teaching demo are finalized and to confirm they reach a diverse audience. On the day of the interviews, the EEO officer will reinforce best practices and principles to the committee. The district maintains the hiring calendar to promote an efficient process and to ensure large, diverse pool of qualified applicants.

Board Policy 3420 – EEO- The board commits the district to the active promotion of campus diversity including recruitment and selection of qualified employees from a wide variety of backgrounds and equal employment opportunities in all aspects of employment, including assignments, promotions, and transfers. HR shall assure that a proper job analysis is performed for every job and each job description shall provide a general statement of job duties, responsibilities and minimum qualifications.

All recruitment must be conducted actively within and outside of the District. Screening, selecting, and interviewing candidates for all positions shall include thorough and fair procedures that are sensitive to issues of diversity. Each hiring committee will have gender balance and at least one voting staff member will be an ethnic minority.

The District conducts exit interviews and forwards the survey to HR. The HR Director reviews the data for patterns and utilizes this information to implement measures if needed.

Board Policy 3430- Prohibition of Harassment - The District is committed to providing an academic work environment that respects the dignity of individuals and groups.

Board Policy 3410 – Nondiscrimination – The District is committed to equal opportunity in employment and all access to institutional programs and activities. The HR Director thoroughly investigates all complaints filed. The District has implemented a tracking report on applicants that decline job interviews and job offers. The District will analyze the data to determine if there is a common trend.

The President's Leadership Academy evolved in 2015 by our Superintendent/President, Dr. Kevin Walthers. It has become a very successful training and tool for staff and faculty. The purpose of the academy is to provide growth and leadership for employees from all constituency groups who have demonstrated leadership abilities or interest in advancement. Various speakers and presentations are conducted for the three (3) day academy. The next Academy will be held this August 2017.

The District has developed a variety of programs to support newly-hired faculty and administrators in mentoring, professional development, and leadership opportunities.

HR will provide a "Changing the Lane" professional development for faculty and staff. The training will offer ways to assist in navigating "changing the lane" from part-time to full-time and/or promotions. The training includes directions on completing a full-time application, full-time duties as a faculty member, what to include in your cover letter, diversity statement, the interview process (the do's and don'ts), and things to remember.

HR staff presented a professional workshop on "Interviewing on Campus" in fall 2016. The workshop focused on: the job announcement; completing the application; the art of interviewing; what the interview committee is looking for; best practices & biggest mistakes to avoid, and the four (4) most dreaded questions you will be asked. This workshop was presented twice in the fall and was well received by all staff.

The EEO Committee created a tailored video called "Start Here, Work Here". The purpose of the video is to encourage current students of AHC to continue with their education, return and work here. The video is displayed is several areas for students to view: HR Department, Student Center, Job Placement and Admissions & Records.

The Campus Police Department recently co-sponsored a campus security guard through the police academy.

Purpose of the EEO Plan

The Allan Hancock Joint Community College District's Equal Employment Opportunity (EEO) Plan addresses the requirements of Education Code section 87106 subdivision (b) for compliance with the Board of Governors regulations on equal employment opportunity hiring and applicable state and federal nondiscrimination statutes, and for guidance in improving the equality of opportunity.

California community college districts are responsible for the preparation of an equal employment opportunity plan to be submitted and approved by the California Community College Chancellor's Office (CCCCO). "Equal Employment Opportunity" means that all qualified individuals have a full and fair opportunity to compete for hiring and promotion; and to enjoy the benefits of employment with the district. Equal Employment Opportunity should exist at all levels and in all job categories listed in section 53004 subdivision (a) of title 5. Ensuring equal employment opportunity also involves creating an environment that fosters cooperation, acceptance, democracy, and free expression of ideas and that is welcoming to all individuals. An "Equal Employment Opportunity Plan" is a written document in which a district's workforce is analyzed and specific plans and procedures are set forth for ensuring equal employment opportunity.

Objectives of EEO Plan

The objectives of the District's EEO Plan and Guidelines are to:

- Address the legal requirements for the District's EEO Plan, pursuant to section 53003 of title 5.
- Provide guidance that will assist in the goal of achieving a diverse workforce.
- Assist in the development of materials to train faculty and staff on the components of the EEO Plan requirements.

Plan Component 1: Introduction

The Allan Hancock Joint Community College District Equal Employment Opportunity Plan (*Plan*) was adopted by the Board of Trustees on June 17, 2014. The EEO Plan reflects the district's commitment to equal employment opportunity. It is the district's belief that taking active steps to ensure equal employment opportunity and creating a working and academic environment, which is welcoming to all, will foster diversity and promote excellence and promote practices that are nondiscriminatory.

Through an educational experience in an inclusive environment, our students will be better prepared to work and live in an increasingly global society. The Plan's immediate focus is equal employment opportunity in its recruitment, hiring, and promotional policies and practices pursuant to the applicable title 5 regulations (section 53000 et seq.) and the steps the district shall take in the event of underrepresentation of monitored groups. The Plan contains an analysis of the demographic makeup of the district's workforce population and an analysis of whether underrepresentation of monitored groups exits. The Plan also includes the requirements for a complaint procedure for noncompliance with the title 5 provisions relating to equal employment opportunity programs; complaint procedures in instances of unlawful discrimination; methods to support equal employment opportunity and an environment which is welcoming to all; and procedures for implementation of the Plan. To properly serve a growing diverse population, the district will endeavor to hire and retain faculty and staff who are sensitive to, and knowledgeable of, and promote a positive learning environment to properly serve an increasingly diverse student population. .

The Allan Hancock Joint Community College is committed to implementing Board Policy 3420, by developing and maintaining equal employment opportunity and diversity throughout the district as set out in this Equal Employment Opportunity Plan (hereinafter referred to as the "Plan" or the "EEO Plan".

Plan Component 2: Definitions'

<u>Adverse Impact:</u> a statistical measure (such as those outlined in the U.S. Equal Employment Opportunity Commission's Uniform Guidelines on Employee Selection Procedures) that is applied to the effects of a selection procedure and demonstrates a disproportionate negative impact on any group defined in terms of ethnic group identification, gender, or disability. A disparity identified in a given selection process will not be considered to constitute adverse impact if the numbers involved are too small to permit a meaningful comparison.

Diversity: a condition of broad inclusion in an employment environment that offers equality and respect for all persons. A diverse educational community recognizes the educational benefits that flow from employee populations that are varied by race, ethnicity, sexual orientation, gender identity and expression, disability or genetic information, age (40 or older), national origin, religion, socioeconomic status, geographic region, life experiences and other enriching characteristics.

<u>Equal Employment Opportunity</u>: Equal Employment Opportunity. "Equal employment opportunity" means that all qualified individuals have a full and fair opportunity to compete for hiring and promotion and to enjoy the benefits of employment with the district. Equal employment opportunity should exist at all levels in the seven job categories which include executive/administrative/managerial, faculty and other instructional staff, professional nonfaculty, secretarial/clerical, technical and paraprofessional, skilled crafts, and service and maintenance. Equal employment opportunity also involves:

(1) identifying and eliminating barriers to employment that are not job related; and

(2) creating an environment which fosters cooperation, acceptance, democracy, and free expression of ideas and is welcoming to men and women, persons with disabilities, and individuals from all ethnic and other groups protected from discrimination pursuant to Government Code section 12940.

Equal Employment Opportunity Plan: a written document in which a district's workforce is analyzed; specific plans, procedures, and goals are set forth for ensuring equal employment opportunity.

Equal Employment Opportunity Program: all the various methods and strategies by which equal employment opportunity is ensured. Such methods include, but are not limited to, using nondiscriminatory employment practices, actively recruiting, monitoring and taking additional steps consistent with requirements of section 53006.

Ethnic Minorities: Native Americans or Alaskan natives, Asians or Pacific Islanders, Black/African-Americans, Hispanics/Latinos.

Ethnic Group Identification: an individual's identification in one or more of the ethnic groups

¹ Title 5 references may be found in the California Codes of Regulations

reported to the CCCCO pursuant to section 53004. These groups shall be more specifically defined by the CCCCO consistent with state and federal law.

In-house or Promotional Only Hiring: only existing district employees are allowed to apply for a position.

Monitored Group: those groups identified in section 53004 subdivision (b) for which monitoring and reporting is required pursuant to section 53004 subdivision (a).

<u>Person with a Disability:</u> any person who (1) has a physical or mental impairment as defined in Government code, section 12926 which limits one or more of such person's major life activities, (2) has a record of such an impairment, or (3) is regarded as having such an impairment. A person with a disability is "limited" if the condition makes the achievement of the major life activity difficult.

<u>Reasonable Accommodation:</u> the efforts made on the part of the district to remove artificial or real barriers, which prevent or limit the employment and upward mobility of persons with disabilities. "Reasonable accommodations" may include the items designated in section 53025.

<u>Screening or Selection Procedures:</u> any measure, combination of measures, or procedures used as a basis for any employment decision. Selection procedures include the full range of assessment techniques, including but not limited to traditional paper and pencil tests, performance tests, and physical, educational, and work experience requirements, interviews, and review of application forms.

Significantly Underrepresented Group: any monitored group for which the percentage of persons from that group employed by the district in any job category listed in section 53004 subdivision (a) is below eighty percent (80%) of the projected representation for that group in the job category in question.

Plan Component 3: Policy Statement (Board Policy 3420)

The Board of Trustees of the Allan Hancock Joint Community College District recognizes that diversity in the academic environment fosters cultural awareness, mutual understanding and respect, harmony and creativity, while providing positive images for all students. The board commits the district to the active promotion of campus diversity, including recruitment and selection of qualified employees from a wide variety of backgrounds and equal employment opportunities in all aspects of employment, including assignments, promotions, and transfers. In addition, the Board of Trustees recognizes that to be effective, an equal employment opportunity plan must be developed, reviewed and adopted in compliance with Education Code and title 5 requirements.

Plan Component 4: Delegation of Authority, Responsibility and Compliance

It is the goal of the District that all employees promote and support equal employment opportunity because equal employment opportunity requires a commitment and a contribution from every segment of the district. Persons serving in the above capacities will be required to receive training within the twelve (12) months prior to service on a screen/selection committee. This training is mandatory; individuals who have not received this training will not be allowed to serve on screening/selection committees as the Equal Employment Opportunity Representative. The EEO Officer, and/or Human Resources are responsible for providing the required training. Any individual acting on behalf of the District with regard to recruitment and screening of employees is subject to the equal employment opportunity requirements of title 5^3 and the district's Equal Employment Opportunity Plan. This provision includes any individuals who are not employees of the District but are acting on behalf of the District.

The District has established a practice that equity training must be updated every two years after the representative's initial training. A tracking database has been established to track and monitor individuals who have been equity trained.

Plan Component 9: Annual Written Notice to Community Organization

The EEO Officer shall pursue a genuine and deliberate effort to distribute a written notice to appropriate community-based and professional organizations concerning this *Plan*. The notice will inform these organizations that they may obtain a copy of the Plan and shall solicit their assistance in identifying diverse qualified candidates. The notice will include a summary of the *Plan*. The notice will also include the website address where the district advertises its job openings and the name(s), department(s) and phone number(s) of individuals to call in order to obtain employment information. The district will actively seek to reach those institutions, organizations, and agencies that may be recruitment sources. A list of organizations, which will receive this notice, is attached

³ See title 5, & 53020(c).

to this Plan. This list may be revised from time to time as necessary.

Plan Component 10: Analysis of District Workforce and Applicant Pool

The Human Resources Department will annually survey the district's workforce composition and shall monitor applicants for employment on an ongoing basis to evaluate the District's progress in implementing the *Plan*, to provide data needed for the reports required by this *Plan* and to determine whether any monitored group is underrepresented. Monitored groups are men, women, Native American/Alaskan Natives, Asians,⁴ Native Hawaiian/Pacific Islanders, Blacks/African-Americans, Hispanics/Latinos, Caucasians, and persons with disabilities.

For purposes of the survey and report, each applicant or employee will be afforded the opportunity to voluntarily identify her or his gender, ethnic group identification and, if applicable, her or his disability. Persons may designate as many ethnicities as they identify with but shall be counted in only one ethnic group for reporting purposes. This information will be kept confidential and will be separated from the applications that are forwarded to the screening/selection committee and hiring administrators(s). The district will annually report to the CCCCO the results of its annual survey of employees. At least every three years the *Plan* will be reviewed and, if necessary, revised based on an analysis of the ethnic group identification, gender, and disability composition of existing staff and of those who have applied for employment in each of the following identified job categories:

- 1) Executive/Administrative/Managerial
- 2) Faculty and other Instructional Staff
- 3) Professional Non-faculty
- 4) Secretarial/Clerical
- 5) Technical and Paraprofessional
- 6) Skilled Crafts
- 7) Service and Maintenance

The analysis of the District's current workforce and most recent applicant pools are reported in the following Equal Employment Opportunity Fund and District Expenditure Reports annually.

Per Board Policy 3420, Equal Employment Opportunity andStaff Diversity, after the application deadline has passed, the initial applicant pool shall be recorded and reviewed by the Director of Human Resources or designee. All initial applications shall be screened to determine which candidates satisfy job specifications set forth in the job announcement. The group of candidates who meet the job specifications shall constitute the "qualified applicant pool."

Once the qualified applicant pool is formed, the pool must again be analyzed. If the Director of Human Resources or designee finds that the composition of the qualified applicant pool may have been influenced by factors which are not job related, the District may immediately, and before the selection process continues, consult with legal counsel to determine what, if any, corrective action is required by law.

⁴ The Asian subgroup breakdown must be reported in the annual reports, but the breakdown by Asian subgroups is not necessary when addressing the issue of under representation in the Plan

Board Policy 7120, Faculty Hiring, states, that "The district Equal Employment Opportunity officer or representative in consultation with the committee's diversity resource specialist shall review the applicant pool. This evaluation includes determining the adequacy of the applicant pool and recommending to the superintendent/president any further action. If the superintendent/president in consultation with the Diversity Resource Specialist or Equal Employment Opportunity officer determines that the pool is inadequate, then he or she may decide to extend the closing date and reconvene the screening and interview committee to discuss how to improve the pool of applicants and determine the next steps in the process."

Plan Component 12: Analysis of Degree of Underrepresentation and Significant Underrepresentation

If the District determines that a particular monitored group is significantly underrepresented with respect to one or more job categories, the District shall take the following additional steps:

- review its recruitment procedures; review and advise on recruitment efforts, job announcements, interview protocols;
- consult with counsel to determine whether there are other additional measures that may be undertaken that are required or permitted by law;
- consider various other means of reducing the underrepresentation which do not involve taking monitored group status into account and implement any such techniques that are feasible;
- if significant underrepresentation persists, review each locally-established job qualification to determine if it is job related and consistent with business necessity; discontinue the use of any non job-related local qualification; continue using job-related local qualifications only if no alternative standard is reasonably available;
- consider the implementation of additional measures designed to promote diversity.
- review retention efforts and other aspects of the hiring, retention, and promotion processes that impact the District's ability to attract and retain a diverse faculty and staff;
- advise on implementing the District's obligation to hire faculty and administrators with a demonstrated sensitivity to, and understanding of, the diverse academic, socioeconomic, cultural, disability and ethnic backgrounds of community college students;
- promote hiring of faculty and administrators who have attended and/or graduated from a community college;

For this purpose of this section, "a reasonable period of time" means three years, or such longer period as the Chancellor may approve up the request of the Equal Employment Opportunity and Staff Diversity Committee

Plan Component 13: Other Measures Necessary to Further Equal Employment Opportunity

The District recognizes that multiple approaches are appropriate to fulfill its mission of ensuring equal employment opportunity and the creation of a diverse workforce. Equal employment opportunity means that all qualified individuals have a full and fair opportunity to compete for hiring and promotion and to enjoy the benefits of employment with the district. Equal employment opportunity should exist at all levels and in all job categories. Ensuring equal employment opportunity also involves creating an environment that fosters cooperation, acceptance, democracy, and free expression of ideas and is welcoming to men and women, persons with disabilities, and individuals from all ethnic and other groups protected from

discrimination. The district will sponsor cultural events and speakers on issues dealing with diversity and explore how to infuse diversity into the classroom and curriculum. The district will also promote learning opportunities and personal growth in the area of diversity and evaluate how the physical environment can be responsive to its diverse employee and student populations.

Per Administrative Procedure 3420, Equal Employment Opportunity and Staff Diversity,

- If the District determines that a particular monitored group is significantly underrepresented with respect to one or more job categories, the District shall take the following additional steps:
 - review its recruitment procedures; review and advise on recruitment efforts; job announcements, interview protocols,
 - consult with counsel to determine whether there are other additional measures that may be undertaken that are required or permitted by law;
 - consider various other means of reducing the underrepresentation which do not involve taking monitored group status into account and implement any such techniques that are feasible;
 - if significant underrepresentation persists, review each locally established job qualification to determine if it is job related and consistent with business necessity; discontinue the use of any 'non job-related' local qualification; continue using job-related local qualifications only if no alternative standard is reasonably available;
 - consider the implementation of additional measures designed to promote diversity;
 - review retention efforts and other aspects of the hiring, retention, and promotion processes that impact the District's ability to attract and retain a diverse faculty and staff;
 - advise on implementing the District's obligation to hire faculty and administrators with a demonstrated sensitivity to, and understanding of, the diverse academic, socioeconomic, cultural, disability and ethnic backgrounds of community college students;
 - promote hiring of faculty and administrators who have attended and/or graduated from a community college;

Other activities that promote equal employment opportunity at Allan Hancock College include the following:

- 1) Participation in AHC's Career Exploration Day
- 2) Offering multiple diversity trainings for faculty and staff
- 3) Attend CCCCO diversity trainings, when offered
- 4) Attend Registry Job Fairs
- 5) Organize and host the annual President's Leadership Academy
- 6) Organize and host Counseling Summit
- 7) Create and implement Start Here. Work Here. and AHC New Hire videos
- 8) Deliver resume and interviewing skills workshops for faculty, staff, and students
- 9) Support student attendance at diversity conferences

10) Organize and host YELL: Young Educated Latino Leaders conference

Plan Component 14: Graduate Assumption Program of Loans for Education

The district will encourage community college students to become qualified for, and seek employment as, community college employees. The district shall research and inform students about programs that may assist them to complete their graduate studies and become community college employees. The district will post information on the campus concerning such programs, and make information available on the district's website, course catalog, and in locations accessible to students, including but not limited to, Counseling, Financial Aid, Admissions and Records, the Bookstore, and the Student Center. On a continuous basis, the district will genuinely make efforts to inform graduate students in local colleges and universities about the benefits of employment at a community college.

AP 3300 PUBLIC RECORDS

Members of the public may request to inspect or copy public records. A request by a member of the public may be delivered by mail or in person to the <u>Superintendent/P</u>president's Oeffice.

Any request shall identify with reasonable specificity the records that are sought. If additional information is needed, the <u>Superintendent/Ppresident's</u> Oeffice staff may request it be provided in writing.

Any request to inspect and/or <u>receive</u> copy <u>copies of</u> records shall be made sufficiently in advance of the date of inspection to allow staff <u>members</u> time to assemble the records and identify any records that may be exempt from disclosure.

Any persons requesting records may be required to pay the actual cost incurred by the District to provide the records for inspection or copies of the records.

Records that are exempt from disclosure under the Public Records Act or any other provision of law may not be inspected or copied by members of the public. Social security numbers must be redacted from records before they are disclosed to the public.

Members of the public shall be assisted in identifying records or information that may respond to their request. Assistance that will be provided includes: the information technology and physical location in which the records exist; practical suggestions for overcoming denial of access to the records or information; and the estimated date and time when the records will be made available.

Within ten days, <u>Superintendent/P</u>president's <u>O</u>office staff will determine whether or not the records can be produced and will communicate the determination to the member of the public requesting the record(s).

The most common exemptions for community colleges include:

• Student records (Education Code Section 76243)

- Preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding the records clearly outweighs the public interest in disclosure. (Government Code Section 6254(a))
- Records pertaining to pending litigation ...or to claims...until the pending litigation or claim has been finally adjudicated or otherwise settled. (Government Code Section 6254(b))
- Personnel, medical or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy (Government Code Section 6254(c))
- Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination [except for standardized tests provided for by Education Code Sections 99150 et seq.]. (Government Code Section 6254(g).)
- The contents of real estate appraisals or engineering or feasibility estimates and evaluations...relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained. (Government Code Section 6254(h)).
- Internet posting of home address or telephone numbers of local elected officials (Government Code Section 6254.21)
- Home addresses and home telephone numbers of employees of a school <u>d</u>District or county office of education (other than to an agent or family member of the employee, to an officer of another school <u>d</u>District when necessary, to an employee organization, or to an agency or employee of a health benefit plan.) (Government Code Section 6254.3)
- Records regarding alternative investments (i.e. an investment in a private equity fund, venture fund, hedge fund, or absolute return fund; limited partnership, limited liability company or similar legal structure) involving public investment funds, unless already publicly released by the keeper of the information.
- Information security records, if disclosure of that record would reveal vulnerabilities to, or otherwise increase the potential for an attack on, the District's information technology system.

AP 3440 SERVICE ANIMALS & OTHER ANIMALS ON DISTRICT PROPERTY

SERVICE ANIMALS

In order to prevent discrimination on the basis of disability, the District will allow an individual with a disability to use a service animal or miniature horse in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to use a service animal in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to use a miniature horse as a service animal in District facilities and on District campuses if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability and the District has determined, based on the assessment factors provided in this procedure, that a reasonable accommodation can be made.

The District will allow an individual with a disability to be accompanied by his/her service animal in all areas of the District's facilities where members of the public, invitees, clients, customers, patrons, or participants in services, programs or activities, as relevant, are allowed to go.

These procedures shall also be applicable to an individual who is training a service animal.

Service Animal Defined

A "service animal" for purposes of this procedure means any dog (or miniature horse, as provided herein) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition.

The work or tasks performed by a service animal must be directly related to the handler's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

Exceptions

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal's handler does not take effective action to control it; or
- The animal is not housebroken.

If a service animal is excluded under one of these exceptions, the District will give the individual with a disability the opportunity to obtain goods, services, and accommodations or to participate in the service, program, or activity without having the service animal on the premises.

Assessment Factors for Miniature Horses

The District shall consider the following factors:

- The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- Whether the handler has sufficient control of the miniature horse;
- Whether the miniature horse is housebroken; and
- Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

Control

The service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

Care or Supervision

The District is not responsible for the care or supervision of the animal.

Inquiries by the District

The District may make two inquiries to determine whether an animal qualifies as a service animal:

- Whether the animal is required because of a disability; and
- What work or task the animal has been trained to perform.

The District will not make either of these inquiries when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

An individual may choose to produce a county service dog license or identification tag as proof that the animal is a service animal. Licensure or certification is not required in order to meet the definition of service animal under this procedure. There are no licensing or certification requirements for miniature horses.

No Surcharge

The District will not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for damage caused by pets, an individual with a disability may be charged for damaged caused by his<u>/</u> or her service animal.

OTHER ANIMALS ON DISTRICT PROPERTY

Pets and other animals not native to the natural fauna of the campus <u>District-owned or operated property</u> are allowed on <u>Allan Hancock College District-owned or operated</u> grounds with the following restrictions for the health and safety of the <u>District campuses</u> at large in order to comply with local animal ordinances and to ensure public safety. These procedures apply to all animals on campus not related to instructional activity or considered as part of our campus habitat wildlife.

RESTRICTIONS

In addition to the following restrictions, all animal handlers and their animals are subject to all federal, state, and municipal statutes.

- 1. Proof of vaccinations and/or license tags must be displayed on all animals.
- 2. Animals must be well-behaved. Animals may not invade the space of others, bark excessively, growl, wander about, or engage in other unruly behavior.
- 3. Animals must be under the control of the handler at all times.
- 4. The animal handler is responsible for promptly cleaning up after the animal has relieved itself.
- 5. The animal handler is responsible for any property damage caused by the animal.
- 6. All animals on campus must be on a leash (six foot or less) or some similar method of restraint (except as specified for service animals).
- 7. Animal training classes approved or sponsored by AHC <u>the District</u> may be exempt from some of these restrictions.
- 8. Animals, other than service animals, are not allowed in any college <u>District</u>owned or <u>operated building</u> property governed building at any time.

EXEMPTIONS

In special circumstances, approval may be obtained from the Vice President, Student Services, or designee for animals to be brought on campus for events involving the display or demonstration of specialized skills or natural behaviors.

ENFORCEMENT

All members of the campus community are required to comply with all aspects of this <u>procedure and the related Board</u> policy. Individuals who fail to comply or who interfere with the implementation of this <u>procedure and the related Board</u> policy, including relocation of animals, will be subject to corrective or disciplinary action as determined by the Director of Public Safety/Police Department and/or the Vice President, Student Services.

- 4. Feasibility: The District has the resources to realistically maintain the program at the level of quality described in the new program application. This includes funding, faculty, and facilities and equipment.
- 5. <u>Compliance: The design of the program or the course is not in conflict with any</u> law. This includes both state and federal laws, and both statutes and regulations.

Process and Timelines for Program Development and/or Modification:

- 1. <u>The Academic Policy and Planning (AP & P) Committee offers regular training on</u> <u>the development and review of course outlines, use of templates, submission, and</u> <u>approval procedures.</u>
- 2. <u>All curriculum, new or modified, is submitted via the college's curriculum management system.</u>
- 3. The appropriate Dean works with Department Chairs and AP&P representatives to assure that new or modified curriculum is technically correct and fits within the department's program offerings and College Mission.
- 4. The Articulation Officer determines transferability of a course.
- 5. <u>Completed course outlines and course proposal forms are submitted to the</u> <u>Academic Policy and Planning Committee for review, discussion, modification, and</u> <u>approval.</u>
- 6. Curriculum approved by the Academic Policy and Planning Committee is reviewed

by the Academic Senate and then presented to the Office of the Superintendent/President. Finally, the curriculum is sent to Board of Trustees for consideration and final approval.

- 7. <u>After Board approval, new courses and programs requiring approval are sent to</u> <u>the Chancellor's Office for such approval.</u>
- 8. <u>After Board approval, all new courses that are not part of an existing approved</u> program and all new programs shall be submitted to the Office of the Chancellor for the California Community Colleges for approval as required.

Reports of the AP & P Committee

Actions of the Academic Planning and Policy (AP&P) Committee are reported to academic departments and student services by faculty representatives serving on the committee. Periodically, a formal report of committee actions is directed to the Aacademic Ssenate for review. Simultaneously, the report is forwarded to the Office of the superintendent/president of the college.

If the <u>Academic</u> Ssenate does not concur with any aspect of the report, finds that the AP & P committee <u>has not followed established policies and procedures in its</u> <u>development of policies and review and approval of curriculum, the Academic Senate,</u> in accordance with approved senate procedures, may do <u>any either</u> of the following:

- 1. Request additional information and/or clarification from the committee; and
- 2. Recommend that AP & P forward the report to the Office of the Superintendent/President with senate comment, and with or without AP & P Committee response.
- 3. <u>Return the report to the committee for possible amendment and reconsideration</u> by Academic Senate.
- 1) the committee may request return of the report for reconsideration and possible amendment,
- 2) the committee may forward the report to the superintendent/president with senate recommendation, with or without Academic Policy and Planning Committee comment.

After Academic Senate approval, the report is forwarded to the Office of the Superintendent/President of the college.

Allan Hancock Joint Community College District Administrative Procedure Chapter 7 – Human Resources

AP 7160 PROFESSIONAL DEVELOPMENT

HUMAN RESOURCES PROFESSIONAL DEVELOPMENT COMMITTEE

The Human Resources District's Professional Development Committee assists with coordination of professional development activities in accord with Education Code legal requirements. The committee reviews the Delistrict's strategic plan initiatives and information gathered from employee training needs surveys and recommends professional development activities. The committee also recommends distribution of funds allocated to it for professional development. The college's constituent groups (faculty, classified staff, supervisory/confidential, administrators) each have a program planning professional development committee responsible for developing appropriate activities. The director professional development and training assists the committees by preparing the annual program for publication and distribution and by coordinating additional programming.

Each constituency group has its own committee to organize and maintain the professional development offerings and allocation of funds for the group. Representatives from each group constitute the membership of the District's Professional Development Committee.

PROFESSIONAL DEVELOPMENT PLAN

The District's Professional Development Committee shall recommend a professional development plan consistent with the District Strategic Plan and Educational Master Plan.

Needs assessments surveys will be conducted to identify professional development needs among employees. Professional development activities will be planned and presented based on the results of the needs assessments and institutional priorities.

Professional development activities will be evaluated and the results will be used to improve programs and activities to ensure District and employee needs are being met. Professional development activities, guidelines and processes including information about the Flex Program are published on myHancock.

Professional development activities may include, but are not limited to:

- Improvement of teaching
- Improvement of services to students
- Training in iInstitutional effectiveness, including analysis and use of data
- Maintenance of current academic and technical knowledge and skills
- Training to meet institutional needs and priorities

- Development of innovations in instructional and administrative techniques and program effectiveness
- Computer and technological proficiency programs
 - Training in health and safety
 - Development of leadership skills
 - Training as a Diversity Resource Specialist
 - Improvement of interpersonal skills and customer service
 - Job shadowing, mentoring, and coaching
- Use of iInstructional technology
- Training that is required by laws, codes, and regulations

See appropriate collective bargaining agreements for additional information regarding professional development for faculty and classified staff.

FACULTY PROFESSIONAL DEVELOPMENT

The Academic Senate is responsible for establishing policies regarding faculty professional development activities. The faculty's professional development committee, a subcommittee of the Academic Senate, implements these policies and has developed basic guidelines regarding participation, credit for attendance, and other matters.- These guidelines are published on the portal and distributed with the annual program.

Faculty professional development is linked to the flexible calendar which allows colleges to reclassify instructional days for professional development purposes. Faculty members also establish <u>annual professional development plans through as part of the ongoing the annual evaluation process.</u>

The Education Code requires that e<u>C</u>olleges certify their flexible calendar schedules annually. The college maintains records that track faculty participation in flex activities in lieu of classroom instruction and affirms that the number of flex hours is equivalent to the number of classroom hours from which the instructor is released.

In addition, the college:

- reports attendance data from which the flex adjustment is calculated;
- completes a needs assessment and a plan of appropriate professional development activities;
- maintains a record of faculty participation;
- evaluates professional development activities; and
- convenes the Human Resources Development Committee to make program recommendations.

The faculty's professional development committee has developed basic guidelines regarding participation, credit for attendance, and other matters. These guidelines are distributed with the annual program.

ADMINISTRATIVE PROFESSIONAL DEVELOPMENT

Administrator participation in professional development is generally voluntary unless the <u>D</u>district requires attendance based on the topic of the workshop or program. Each administrator establishes professional development goals through the annual evaluation process. Since participation by administrators is not linked to the flexible calendar, there are no required reports.

CLASSIFIED PROFESSIONAL DEVELOPMENT

Classified staff participation in professional development is encouraged in order to improve performance and/or reach career goals. Classified employees establish professional development goals through the annual evaluation process. Since participation by classified staff is not linked to the flexible calendar, there are no state-mandated reporting requirements.

Classified staff shall request permission, in advance, from the immediate supervisor, to attend professional development programming. Supervising administrators will encourage participation in professional development related to the staff member's job as long as it does not interfere with or prevent the satisfactory performance of college business.

Institutional Learning Outcomes and Assessment (*Goal IE2: Provide valid and reliable assessment of institutional processes in a consistent and timely manner.*) The Office of Institutional Effectiveness is assisting the Learning Outcomes and Assessment Committee with the first survey of students to specifically assess institutional learning outcomes (ILOs). We are assessing two ILOs: Critical Thinking & Problem Solving and Personal Development & Responsibility. ILO assessment to date has included an analysis of course outcomes among courses mapped to each ILO as well as effort by faculty to gather evidence and artifacts related to each ILO. The intent of the student survey is to ask students to assess their level of knowledge, skills and ability related to prompts tied to the ILOs. As an example, students are asked to indicate if they strongly agree, agree, disagree, or strongly disagree with the statement, "I am able to apply a variety of strategies for solving complex problems or tasks." Student responses will be compared between students with limited units completed to those who have differing levels of units completed to determine if their time at AHC improved perceptions of growth in these global measures of institutional impact.

Survey Administration (*Goal IE1: To identify the institutional capacity to fulfill the college mission.*) The Office of Institutional Effectiveness has ramped up survey support this past year with the addition of Erica Biely to the IE office. Strategic Goal:	Goal IR4: To provide a safe, attractive, and accessible physical environment that enhances the ability to teach, learn, and work.	Enclosures: Page 1 of 1

BACKGROUND

Accreditation Visit to El Camino College - Compton Community Educational Center (*Goal 11: Community Integration*) Vice President Hernandez served on the accreditation visiting team for El Camino College-Compton Community Educational Center, from March 5 through March 9, 2017, for the purpose of evaluating the Center's request for candidacy. The team's evaluation included an assessment of the Center's performance as related to the accreditation standards and the compliance with the eligibility requirements and Accrediting Commission for Junior and Community Colleges (ACJCC) policies.

State Senate's Budget Subcommittee – Fine Arts Complex (*Goal IR4: To provide a safe, attractive, and accessible physical environment that enhances the ability to teach, learn, and work.*) On Thursday, March 23, Vice President Hernandez spoke to the State Senate's Budget Subcommittee to urge the Legislature to preserve the existing community college capital outlay program by funding all 29 projects on the Board of Governors 2017-18 Spending Plan. This would provide funding for Allan Hancock College's Fine Arts Complex project.

Solvang Center Relocation (*Goal IR4: To provide a safe, attractive, and accessible physical environment that enhances the ability to teach, learn, and work.*) The 2014-2024 Facilities Master Plan recommends an alternative location for the existing Solvang Center at or near Santa Ynez High School to better support dual-enrollment and concurrent-enrollment programs with high school students. Negotiations are underway with the Santa Ynez Valley Union High School District for a joint use agreement to relocate the Solvang Center to the Santa Ynez High School in time for the fall 2017 semester. On Friday, March 31, 2017, members of the Allan Hancock College administration team visited the high school to view the facilities and discuss the logistics of the move.

Sustainability Committee - Brush Goats for Hire (*Goal IR4: To provide a safe, attractive, and accessible physical environment that enhances the ability to teach, learn, and work.*) This year plant services choose to contract with Brush Goats Co. for the annual weed abatement at the retention basin on the corner of South College and Park street. Goat browsing is a sustainable approach that eliminates the need for controlling herbaceous weeds with biological suppression. Properly managed 'target browsing' has shown the benefits of the goat's hoof action to enhance landscapes by removing and/or working in decadent materials to help prevent erosion due to less soil disturbance. This style of sustainable clearance continues to uncover additional benefits.
