Administrative Procedure
Chapter 3 – General Institution

AP 3436 HAZING

The District is committed to providing an academic environment free of hazing. This procedure defines hazing and sets forth a procedure for the reporting, investigation, and resolution of complaints of hazing. This procedure protects current, former, or prospective students.

Definitions

Hazing – Any intentional, knowing, or reckless act committed by a person against another person regardless of the willingness of such other person to participate, in connection with initiation, affiliation, or continued membership in a student organization, that creates a risk of or causes physical or psychological injury beyond the reasonable risks of normal participation in the District or organization.

Hazing may include, but is not limited to: whipping, beating, striking, electronic shocking, social media bullying; sleep deprivation, exposure to extreme elements, or excessive physical exertion; forced consumption of alcohol, drugs, or other harmful substances; coerced sexual acts; activities that induce fear of bodily harm, or violate local, state, tribal, or federal laws.

Student organization – An organization at the District in which two or more of the members are students enrolled at the District regardless of whether the organization is established or recognized by the District. A student organization may include a student club, society, association, athletic team, club sports team, fraternity, sorority, band, or student government.

Prohibited Conduct

The District prohibits students, student organizations, and employees from engaging in, encouraging, or facilitating hazing. The District strictly prohibits retaliation against individuals who report hazing.

Reporting Hazing

Individuals may report hazing using the following methods:

Immediate Danger:

On campus, call Campus Security at 805-922-6966 ext.3911.; off campus, call 911.

Anonymous Reports:

Individuals may report hazing anonymously through the college's online reporting system.

Confidential Reports:

Individuals may also report hazing via a confidential reporting method in which the reporter provides his/her/their identity through the college's online reporting system.

The District will investigate reports of hazing promptly and with confidentiality protected to the extent permitted by law.

Investigation and Disciplinary Process

The Vice President, Student Services, or designee, will investigate reports of hazing.

Violation of the District's prohibition on hazing will result in appropriate disciplinary action up to and including termination of employment or expulsion. Student organizations recognized by the District that permit hazing may face suspension, revocation of recognition, or other disciplinary actions.

Disciplinary action may include referral for criminal prosecution.

Annual Reporting and Transparency

The District shall collect and report statistics on hazing incidents in its annual security reports. (See AP 3515 Reporting of Crimes.)

The District shall publish an annual Campus Hazing Transparency Report on its website. The Campus Hazing Transparency Report will summarize hazing incidents and identify the student organization found responsible for hazing. The District will update this report at least twice per year and maintain the Campus Hazing Transparency Report for five years.

Prevention and Education

The District will provide a comprehensive prevention and outreach program addressing hazing for students, employees, and college police. The comprehensive prevention program shall include components on identifying hazing, hazing prevention, and bystander intervention strategies. The District's outreach program shall inform students of the District's policy on the prohibition of hazing and include a process for contacting and informing the student body, athletic programs, and affiliated student organizations about the District's prohibition on hazing.

The District requires all students involved in student organizations, clubs, or athletic teams to complete hazing prevention training annually. Additionally, all employees who advise or oversee student groups must also complete hazing prevention training.
