**BP 3440 SERVICE ANIMALS & OTHER ANIMALS ON DISTRICT
PROPERTY**

In order to prevent discrimination on the basis of disability, the District will allow an individual with a disability to use a service animal or miniature horse in District facilities and on District campuses in compliance with state and federal law.

The District allows other animals on District-owned or operated property under certain conditions, as specified in Administrative Procedure 3440.

Administrative Procedure
Chapter 3 – General Institution

**AP 3440 SERVICE ANIMALS & OTHER ANIMALS ON DISTRICT
PROPERTY**

Service Animals

In order to prevent discrimination on the basis of disability, the District will allow an individual with a disability to use a service animal or miniature horse in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to use a service animal in District facilities and on District campuses in compliance with state and federal law.

The District will allow an individual with a disability to use a miniature horse as a service animal in District facilities and on District campuses if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability and the District has determined, based on the assessment factors provided in this procedure, that a reasonable accommodation can be made.

The District will allow an individual with a disability to be accompanied by his/her service animal in all areas of the District's facilities where members of the public, invitees, clients, customers, patrons, or participants in services, programs or activities, as relevant, are allowed to go.

These procedures shall also be applicable to an individual who is training a service animal.

Service Animal Defined

A "service animal" for purposes of this procedure means any dog (or miniature horse, as provided herein) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition.

The work or tasks performed by a service animal must be directly related to the handler's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

Exceptions

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal's handler does not take effective action to control it; or
- The animal is not housebroken.

If a service animal is excluded under one of these exceptions, the District will give the individual with a disability the opportunity to obtain goods, services, and accommodations or to participate in the service, program, or activity without having the service animal on the premises.

Assessment Factors for Miniature Horses

The District shall consider the following factors:

- The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- Whether the handler has sufficient control of the miniature horse;
- Whether the miniature horse is housebroken; and
- Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

Control

The service animal must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

Care or Supervision

The District is not responsible for the care or supervision of the animal.

Inquiries by the District

The District may make two inquiries to determine whether an animal qualifies as a service animal:

- Whether the animal is required because of a disability; and
- What work or task the animal has been trained to perform.

The District will not make either of these inquiries when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

An individual may choose to produce a county service dog license or identification tag as proof that the animal is a service animal. Licensure or certification is not required in order to meet the definition of service animal under this procedure. There are no licensing or certification requirements for miniature horses.

No Surcharge

The District will not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for damage caused by pets, an individual with a disability may be charged for damaged caused by his/her service animal.

Other Animals On District Property

Pets and other animals not native to the natural fauna of District-owned or operated property are allowed on District-owned or operated grounds with the following restrictions for the health and safety of the District campuses in order to comply with local animal ordinances and to ensure public safety. These procedures apply to all animals on campus not related to instructional activity or considered as part of our campus habitat wildlife.

Restrictions

In addition to the following restrictions, all animal handlers and their animals are subject to all federal, state, and municipal statutes.

1. Proof of vaccinations and/or license tags must be displayed on all animals.
2. Animals must be well-behaved. Animals may not invade the space of others, bark excessively, growl, wander about, or engage in other unruly behavior.
3. Animals must be under the control of the handler at all times.
4. The animal handler is responsible for promptly cleaning up after the animal has relieved itself.
5. The animal handler is responsible for any property damage caused by the animal.
6. All animals on campus must be on a leash (six foot or less) or some similar method of restraint (except as specified for service animals).
7. Animal training classes approved or sponsored by the District may be exempt from some of these restrictions.
8. Animals, other than service animals, are not allowed in any District-owned or operated building at any time.

Exemptions

In special circumstances, approval may be obtained from the Vice President, Student Services, or designee for animals to be brought on campus for events involving the display or demonstration of specialized skills or natural behaviors.

Enforcement

All members of the campus community are required to comply with all aspects of this procedure and the related Board policy. Individuals who fail to comply or who interfere with the implementation of this procedure and the related Board policy, including relocation of animals, will be subject to corrective or disciplinary action as determined by the Director of Public Safety/Police Department and/or the Vice President, Student Services.
