Psychology/Sociology	PSY 101 – General Psychology or SOC 101 – Intro to Sociology

Other suggestions:

If you are undecided on a major, choose general education courses. Select classes from subject areas you liked or did well in while in high school or want to explore as a possible major or career choice. You might also want to consider enrolling in a Personal Development class such as PD 100 – Personal and Career Exploration or PD 101 – Success in College.
