U.S. Department of Education Endowment Challenge Grant Title III Update and Recommendation Background

In 1997, Allan Hancock College (AHC) was awarded a matching funds grant from the U.S. Department of Education's Endowment Challenge Grant Program - authorized by Title III of the Higher Education Act of 1965. The Allan Hancock College Foundation (AHCF) was responsible for raising the local matching funds. The grant was a 2-1 match where Title III provided \$500,000 and the match \$250,000 for a \$750,000 endowment. The terms of the grant included annual reporting for a period of twenty years to the Department of Education and compliance with specific federal guidelines, investment and expenditure of earnings guidelines. The expenditure guidelines state no more than 50% of the aggregate income earned could be used for operations and maintenance; administration; academic and support personnel; construction and renovation; community and student services programs and technical assistance; and other education-related activities. The starting date of the twenty-year term was established according to Title III guidelines as January 1998. The ending date of this term restriction is presumed to be upon notification of release to the AHCF from U.S. Department of Education after all reports have been filed and accepted.

The Foundation consistently filed annual reports for the last 18 years that were accepted without question or comment. However, in 2016 with a personnel change in the Department of Education, AHCF was notified last fall that the Foundation was out of compliance with the guidelines because approximately 65% of the proceeds (as opposed to 50%) were actually used. Foundation and College staff reviewed to determine how this might have occurred and the potential path forward. Staff discovered that the Title III endowment ending balance in the proceeds account was used and had been since inception of the grant reporting. The contact at the Office of Postsecondary Education, recognizing the lapse on their end, has indicated a willingness to work with the Foundation by extending the term of the grant by 1 or 2 years. This will not impact future federal grant applications for the college and AHCF is listed in good standing. The grant guidelines state "if an institution expends more than is permitted it shall repay an amount equal to 50% of the amount improperly expended". Based on the last report dated June 30, 2016, the amount would have been \$67,057.

Ms. Houghton reported that the Finance Committee, after a lengthy discussion, wanted to show immediate good faith in resolving this matter and approved the following recommendations:

- -- Evaluate growth of the fund at the end of the 2016-2017 fiscal year.
- --Immediately waive the 1.5% administrative fee assessed to the Title III endowments for the 2016-17 fiscal year. This will result in an approximate loss of \$12,000 to the Foundation's General Operations budget for this fiscal year.
- --Use Foundation General Operational funds in lieu of the approved Title III scholarship/program funding. This results in an approximate increase of \$13,355 in expense to the Foundation's General Operations budget for this fiscal year.
- --Have the Foundation Operations budget include the brokerage fee expenses for this fiscal year, if Morgan Stanley and LPL Financial are unable to reduce or discontinue assessing brokerage fees to the Title III endowments. This will result in an approximate savings of \$8,500.

<u>Motion</u>: On a motion by Director Lotwala, seconded by Director Moya, the Executive Committee approved the Finance Committee recommendations as outlined above in order to bring the Endowment Challenge Grant Title III into compliance.

Request to Change Date of Endowment Value Date

The foundation's Endowment Funding Policy states the "Review Date: The review date shall mean as of June 30 of the year in which endowment funding is to be awarded." The date of June 30 was a Finance Committee decision in October 2011. Prior to that, endowment proceeds were captured on September 30th. However, in 2011, due to market conditions, the board approved moving the review date from September 30 to June 30. While this decision may have had alignment benefits to the Foundation's fiscal year, it has also caused a significant lag for the actual transfer of funds. The transfer of the proceeds into a holding fund occurs in December, with the announcement of the award in May of the following year with the actual distribution of the funding to the student in August. This is a 14-month delay in which proceeds significantly increase and more scholarships/programs could be funded/awarded. This year, approximately 12 scholarships did not meet the 103% endowment minimum value threshold – forcing a decision to augment funding for these scholarships and/or not award. The Finance Committee approved moving the Endowment Funding Policy Review/Capture Date annually to November 30 with the understanding that transfers would be completed by June 30. The Finance Committee will also review in two years to assess the impact.

Motion: On a motion by Director Walker, seconded by Director Manning, the Executive Committee approved moving the Endowment Funding Policy Review/Capture Date annually to November 30 with the understanding that transfer would be completed by June 30.

Review 2016-17 Endowment Funding for Scholarships and Program Funds

The foundation board of directors at its November 2, 2016, meeting approved the endowment funding for 2016-17. Ms. Houghton noted that there were approximately 14 regular permanent endowments that did not fund. Staff recommended amending the foundation operating budget to fund nine endowments in the amount of \$500 each for a total of \$4,500.

<u>Motion</u>: On a motion by Director Walker, seconded by Director Manning, the Executive Committee approved funding the nine regular permanent endowments in the amount of \$500 each for a total of \$4,500 from the Foundation's general operations budget.

Staff reported that the Marian Hancock Scholarship, considered the most prestigious as it honors the late Mrs. G. Allan Hancock, will fund at \$3,800 this year, which is less than the \$5,000 it typically provides as a scholarship. The level of funding over the years has ranged from \$2,000 to \$10,000. Staff recommended increasing the scholarship to a minimum level of \$7,500 or \$10,000 each year, and to identify sources of funding that could augment the endowment proceeds. Ms. Houghton suggested partnering with Marian Regional Medical Center Foundation with the common thread of the Hancock family. In addition, Foundation unrestricted funds could also be used to augment the scholarship annually.

Motion: On a motion by Director Cox, seconded by Director Manning, the Executive Committee approved there was approval to set the funding for the Marian Hancock Endowment Scholarship at a minimum level of \$7,500 to a maximum of \$10,000 annually and to identify sources of funding to augment the endowment proceeds.

Corporate Resolution No. 2017-01 Authorization of Savings, Checking, and Investment Account Signatures

As part of its corporate business, the foundation's board of directors annually considers a resolution for the authorization of savings, checking and investment account signatures necessary to conduct its day-to-day business. In reviewing foundation corporate resolution no. 2017-01 it was noted that the college's director for business services was included. There was a question as to why the resolution does not include the Executive Director for College Advancement and/or foundation officers. It was agreed to approve the resolution as submitted, and request that the Governance/Nominations Committee review and report to the Executive Committee at a future meeting.
