

## **Council and Committees Pathways to Decisions (CCPD) Evaluation Summary and Recommendations**

### **EFFECTIVENESS**

**GOAL:** Enhance the ability of the college to implement decisions made through the CCPD process, evaluate their impact on key goals, and hold themselves accountable to meeting identified goals.

### **RECOMMENDATIONS:**

- Develop a clear accountability framework for tracking decision implementation.
- Assign responsibility for follow-ups and progress monitoring on key action items.
- Align committee recommendations with institutional goals and available resources.
- Ensure that committee decisions lead to tangible institutional improvements, with periodic impact assessments.
- Create an action-focused framework for meetings, including timelines and accountability processes.
- Build evaluation frameworks and a research agenda to inform, focus, and prioritize the college's work.
- Implement a system for tracking action items from meetings with clear responsibilities and due dates.
- Assign implementation leads for major initiatives to ensure consistent follow-through and accountability.
- Use data dashboards to monitor the impact of council/committee decisions on key institutional goals.
- Conduct regular "progress check" meetings to assess the effectiveness of implemented decisions.
- Provide annual reports highlighting successful initiatives and areas for improvement.
- Encourage cross-council/committee collaboration to align efforts and avoid duplication of work.
- Improve reporting mechanisms to show how committee decisions have translated into actions and outcomes.
