Online you can find the best, most affordable prices. The campus bookstore is absolutely ridiculous and outrageous in prices. Many times, it would have been convenient to purchase books easily at AHC but it isn't worth the price and many students cannot afford to do so. Which is a shame, because then those students fall behind on their work, waiting for their rentals via amazon for example, to arrive. I for example have earned lower grades because I couldn't complete an assignment on time because I attempted to get my book through AHC Bookstore but could not afford it.
