ALLAN HANCOCK COLLEGE

Welcome to Community Education

Community Education houses the noncredit and community services programs at Allan Hancock College.

The noncredit department offers tuition-free noncredit courses in basic skills, citizenship, English as a second language, home economics, health and safety, parenting, courses for older adults, courses for adults with disabilities, short-term vocational education, and workforce preparation programs.

Community Education also provides an excellent array of community service fee-based programming. These classes are also noncredit courses, but require an enrollment fee.

Would you like to learn and/or improve your English; earn a vocational certificate, prepare for the High School Diploma equivalency (i.e. GED or HiSET); prepare for U.S. citizenship; upgrade job skills; strengthen your reading, writing, or math skills; and/or prepare to transfer to credit programs at the college? If yes, the Community Education noncredit programs are the answer!

No matter what your educational journey is, the Community Education staff is here to welcome you and lead you to the right path, the one that's meant for you.

Location: Lompoc Valley Center, Room 2-118
Instructor: Tavakkoly , A.
Times and Dates: Fridays, 9 a.m. - 12:55 p.m. | June 17 - July 22

When do classes start?

The summer 2022 term begins June 13, 2022. However, each class has a specific start date and day. Look for your specific class start date and day via your registration confirmation, this publication, or via the online class search.

While we have returned to in-person instruction, some courses may be offered remotely or converted to remote instruction to protect the health and safety of our students, staff, and faculty.

Classes offered remotely will be designated as OnlineLIVE. OnlineLIVE learning takes place in real time, which means you will interact with your instructor and classmates during your specific class times each week. Your instructors may use video conferencing, teleconferencing, live-chatting, and/or live-streaming lectures. Instructors may use applications like Canvas, email, ConexED, Zoom, Google Drive, etc. to communicate course lessons, activities, and assessments. Overall, OnlineLIVE is like attending class from anywhere you are with a computer or mobile device and an internet connection. To ensure the health and safety of all participants, any in-person classes held on campus will require students to be fully vaccinated for COVID-19 or submit proof of a negative COVID-19 test taken within seven days of entering a classroom. Free COVID-19 testing is available to Hancock students and employees at the Santa Maria campus and the Lompoc Valley Center. Visit www.hancockcollege.edu/covid/testing.php for days and times at each college location. For the latest information about Community Education classes at AHC, call 805-347-7553 or visit www.hancockcollege.edu/communityed.

What if I missed the start of classes?

Most noncredit classes are "open entry" and students can enroll up to three weeks into the class term, as long as there is space available. Registration for most noncredit classes will close by Friday of the third week of classes.

What happens if I don't attend class?

Attending class regularly is important for your success. Instructors must clear their class rosters to remove non-attending and/or no-show students. Also, students who miss three (3) consecutive class meetings during the semester/term without notifying the instructor may be dropped from the class. **And lastly, not attending class results in potential class cancelations.**

Class Cancelations

Classes with less than 15 students attending will be canceled. Please help us avoid class cancelations. Register EARLY and attend class regularly. The college reserves the right to cancel classes with low enrollment at any time during the semester.

Multiple Enrollment Policy

Students who wish to enroll in multiple sections of the same course in the same term will need to complete an appeals form. All appeals are reviewed by the dean of Community Education within five business days.
