

The Clothesline Project

The Clothesline Project is a visual display that bears witness to the violence against women, men & children. A clothesline is hung with shirts to increase awareness of the impact of violence & abuse, to honor a survivor's strength to continue, & to provide another avenue for them to courageously break the silence that often surrounds their experience.

Wednesday, April 15: 9:00 - 12:00

Commons Area

How you can help:

Just show up to support all victims & survivors of violence. At the display, shirts and materials will be available for people who wish to design a shirt.
